Defector Susanne Winnacker, 2014-06-26 Praise for Susanne Winnacker's *Impostor* An unpredictable page turner with shades of terror reminiscent of a Stephen King novel *VOYA* Fresh and inventive the strongly written mystery component takes center stage BCCB \_\_\_\_ Tessa has finally made peace with her life as a Variant She and longtime love Alec are officially a couple and for the first time she has everything she wants But the air is tense at FEA headquarters An agent has disappeared and rogue Variant organization Abel's Army is likely the culprit When Tessa is summoned for her second mission she is unexpectedly launched into a massive conspiracy Her best friend Holly is kidnapped and Tessa knows it was meant to be her But who is after her And more importantly why When the FEA's efforts to rescue Holly don't yield results Tessa takes matters into her own hands Desperate to save her friend and uncover the mystery behind Abel's Army Tessa launches her own investigation but nothing could prepare her for what she finds Finding the truth will take her out on the road and out of her comfort zone with danger lurking at every turn Summoning all of her courage and strength Tessa must decide who can be trusted and what is worth fighting for Her final decision will leave readers breathless **Defector** Susanne

until now been overlooked The collection tackles a diverse range of topics modern updates to the marriage plot fairy tale retellings in dystopian settings stories of extrajudicial police killings and racial justice The approaches are united though by a commitment to exploring the large scale generic and theoretical structures at work in each set of texts As a collection Beyond the Blockbusters is an exciting entryway into a field that continues to grow and change even as its works captivate massive audiences It will prove a crucial addition to the library of any scholar or instructor of young adult literature

**Soviet Fiction since Stalin** Rosalind J. Marsh, 2022-03-14 First published in 1986 Soviet Fiction since Stalin presents a comprehensive overview of the literature of the post Stalin period in the Soviet Union The rapid advances in science and technology in these years are reflected in the themes of many of the major novelists Pasternak Solzhenitsyn Sinyavsky Daniel and Grossman and scientific subjects frequently offer a vehicle for the exploration of the wider socio political moral and philosophical ideas As the period advances however literature becomes the first medium in which to express mistrust of scientific advance and hence indirectly of Soviet policy as a whole Rosalind J Marsh uses a broad definition of science which enables her to cover topics ranging from de Stalinization nationalism and anti Semitism in science to Lysenko and scientific charlatanism the Soviet rejection of relativity theory and quantum mechanics the atom bomb and also such general problems as secrecy careerism and bureaucracy The bulk of the book concentrates on the Khrushchev years but there is also plentiful discussion of more recent writing such as that of Zinoviev and Voinovich This book will be of interest to students and researchers of Soviet literature Russian Literature and literature in general

**Traces of Another Time** Margaret Scanlan, 2014-07-14 Is the historical novel the outmoded genre that some people imagine form inseparable from romanticism nationalism and the nineteenth century In this stimulating volume Margaret Scanlan answers a convincing no as she demonstrates the relevance of historical novels by well known figures such as Anthony Burgess John le Carr

Graham Greene Doris Lessing Iris Murdoch and Paul Scott as well as by less well established writers such as Joseph Hone and Thomas Kilroy Scanlan shows what a skeptical experimental approach to the relationship between history and fiction these writers adopt and how radically they depart from the mimetic conventions usually associated with historical novels Drawing on contemporary historiography and literary theory Scanlan defines the problem of writing historical fiction at a time when people see the subject of history as fragmentary and uncertain The writers she discusses avoid the great events of history to concentrate on its margins what interests them is history as it is experienced usually reluctantly by human beings who would rather be doing something else The first section of the book looks at fictional representations of England s difficult history in Ireland the second examines spies aliens and the loss of public confidence and the third probes the theme of Apocalypse nuclear or otherwise and depicts the collapse of the British Empire as an instance of the greatly diminished importance of Western culture in the world Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [The New York Times Book Review](#) ,1966-07 *New York Times Saturday Book Review Supplement* ,1969-07 [The Bondian Cold War](#) Martin D. Brown,Ronald J. Granieri,Muriel Blaive,2023-09-01 James Bond Ian Fleming s irrepressible and ubiquitous spy is often understood as a Cold Warrior but James Bond s Cold War diverged from the actual global conflict in subtle but significant ways That tension between the real and fictional provides perspectives into Cold War culture transcending ideological and geopolitical divides The Bondiverse is complex and multi textual including novels films video games and even a comic strip and has also inspired an array of homages copies and competitors Awareness of its rich possibilities only becomes apparent through a multi disciplinary lens The desire to consider current trends in Bondian studies inspired a conference entitled The Bondian Cold War convened at Tallinn University Estonia in June 2019 Conference participants drawn from three continents and multiple disciplines film studies history intelligence studies and literature as well as intelligence practitioners offered papers on the literary and cinematic aspects of the spy discussed fact versus fiction in the Bond canon went in search of a global Bond and pondered gender and sexuality across the Bondiverse This volume of essays inspired by that conference suitable for students researchers and anyone interested in Cold War culture makes vital contributions to understanding Bond as a global phenomenon across traditional divisions of East and West and beyond the end of the Cold War from which he emerged *Who's who in Spy Fiction* Donald McCormick,1977 [The Penguin Classic Baby Name Book](#) Grace Hamlin,2001 Presents alphabetical listings of over two thousand names for boys and girls found in works of classic literature each with information on origin and meaning variations and literary namesakes [Overwriting](#)

Chaos Richard Tempest, 2019-12-17 Richard Tempest examines Aleksandr Solzhenitsyn's evolution as a literary artist from his early autobiographical novel *Love the Revolution* to the experimental mega saga *The Red Wheel and beyond* Tempest shows how this author gives his characters a presence so textured that we can readily imagine them as figures of flesh and blood and thought and feeling The study discusses Solzhenitsyn's treatment of Lenin Stalin and the Russian Revolution surprising predilection for textual puzzles and games la Nabokov or even Borges exploration of erotic themes and his polemical interactions with Russian and Western modernism Also included is new information about the writer's life and art provided by his family as well as Tempest's interviews with him in 2003 7 Library Journal, 1969 **Crime Fiction, 1749-1980** Allen J. Hubin, 1984 With Stalin against Tito Ivo Banac, 2018-10-18 In 1948 in a series of moves that culminated in the famous Cominform Resolution Stalin struck at the Communist Party in Yugoslavia provoking the first split in the Communist state system With this long awaited book Ivo Banac becomes the first scholar to assess the domestic consequences of Yugoslavia's expulsion from the Cominform and his findings will radically revise some of our most basic assumptions about Tito's revolution Banac's subject is the nature and fate of those elements in the Yugoslav Communist party who were said to have sided with Moscow against their own country's leadership He demonstrates that the so called Cominformists represented as much as twenty percent of the party membership and had widely divergent aims He then reconstructs the history of the labyrinthine factional struggles that preceded and accompanied the 1948 split and shows that as always the national question played the dominant role in Yugoslav politics After identifying the members of the opposition and mapping its course Banac recounts the harsh repression of the movement He provides massive documentation of startling irony the conflict with Stalin played the same part in the shaping of Yugoslavia's political system as the collectivization and purges of the 1930's did in the history of Soviet communism World Authors, 1995-2000 Mari Rich, Olivia J.
