Biohacking Manual Hardcover:

The Unchained Life Manual Benjamin Farley, 2019-11-19 The Unchained Life Manual is an illustrated holistic wellness guide which examines sixteen alternative healing modalities to re calibrate the body mind and spirit The term bio hacking means to alter our biology to achieve a greater level of performance By incorporating techniques such as light therapy sound therapy aromatherapy vitamin therapy inversion meditation and others IT IS POSSIBLE to re balance the body and to live in a state of ease versus dis ease With 78% of Americans overweight and an estimated 80 million people suffering from insomnia and depression it is becoming more apparent that the majority of people go through their lives living in a state of fatigue exhaustion despair stress and dis ease The Unchained Life Manual challenges generally accepted dogma concerning health wellness and recommended dietary allowances for vitamins and minerals by presenting anecdotal empirical and clinical references that point towards a desperately needed collective paradigm shift With multiple sources stating that medical mistakes are the third leading cause of death in America maybe it is time for all of us to truly learn about our physiology and reclaim ownership over our personal health and wellness so we can avoid unnecessary hospital visits
