Commodities Traders Guide:

A Maniac Commodity Trader's Guide To Making A Fortune Kevin Kerr, 2007-03-23 If you are looking for a strong point of view that boosts the optimists side of commodities trading this is it But Kevin Kerr s assurance that you can make money by trading commodities does not take into account the real risks involved and could mislead potential traders The truth is that the odds are stacked strongly against any investor particularly in the now nearly extinct open outcry pit trading that Kerr discusses at length However his rundown of the basic facts about the commodities markets will give you a start in learning about this arcane investment science getAbstract suggests that it may fit in as one among many texts you might want to study before jumping into the pit

The New Commodity Trading Guide George Kleinman, 2009-03-02 I ve been trading stocks and commodities for more than 30 years and I ve read any number of how to books but George Kleinman s The New Commodity Trading Guide is as clear precise and useful as any book I ve come across during my career I cannot recommend it strongly enough if for no other reason than George finally explains The Voice from the Tomb better than any of the old guard at the CBOT Read it and reap Dennis Gartman editor publisher The Gartman Letter L C Commodities present great financial opportunity and as every hedge fund and trader has experienced great risk This book shows how to use commodity trading and volatility to capture excess profits while limiting losses These lessons are as critical for investors as they are for traders as we are likely to be in a volatile trading environment for the foreseeable future Daniel J Dart private investor and COO Merrill Lynch Investment Managers Third Party Group retired George Kleinman s book has just the right blend of practical trading wisdom technical charting and fundamental analysis It s full of revealing discussions about seasonal trading patterns and long term trends But most importantly it presents a balanced view that honestly reveals both the difficulties and advantages of being a private commodities trader There s something here for both experienced investors and beginners interested in learning from a seasoned expert Jeff Augen author of The Volatility Edge in Options Trading and Trading Options at Expiration I highly recommend George Kleinman s The New Commodity Trading Guide George s insights the result of 25 years of successful trading experience are explained in a way that a new trader can grasp and at the same time an experienced trader can translate into his own trading Best of all George presents many of his own creative trading methods including his Natural Number Method explained for the first time in this book Jeff Quinto president of Transformative Trading and futures trading coach Since leaving the trading floor George is one of the few people I still talk to about the markets and this book clearly shows why He is able to take classic time tested methods of technical analysis and adapt them to the conditions faced by today s electronic traders Andrew Stanton 20 year veteran of the NY trading floors Over the long term commodities prices are expected to rise based on massive increases in global demand But as many investors have discovered the hard way merely knowing this is not enough to make consistent profits Fundamental changes in the commodities markets have occurred that have implications most investors do not understand For instance century old

open outcry trading floors have now been replaced with computerized trading In The New Commodity Trading Guide commodities expert George Kleinman reveals the new practical realities of worldwide electronic commodities trading and specific strategies for capitalizing on today's radically different markets Kleinman shows how to leverage the one indicator that consistently drives commodity prices today introduces the right ways to trade on news and profit from trends reveals consistent seasonal price shifts that mean huge profits shows which conventional strategies still work and which don't Finally he introduces the Natural Number Method a breakthrough approach that any commodities trader can use to supercharge performance Capturing the 5000% return What you can learn from one of history's fastest price moves Breaking par how you can profit from market psychology How to make profitable trades right after market barriers are shattered The trend's your friend if you know how to use it Discover the best times to go with the flow Why markets behave differently at significant break points and how to use that knowledge to make big profits What hasn't changed and how you can profit from it Two classic chart patterns that continue to work
