Producing New and Digital Media James Cohen, Thomas Kenny, 2015-08-20 Producing New and Digital Media is your guide to understanding new media diving deep into topics such as cultural and social impacts of the web the importance of digital literacy and creating in an online environment It features an introductory hands on approach to creating user generated content coding cultivating an online brand and storytelling in new and digital media This book is accompanied by a companion website designed to aid students and professors alike that features chapter related questions links to resources and lecture slides In showing you how to navigate the world of digital media and also complete digital tasks this book not only teaches you how to use the web but understand why you use it **KEY FEATURES** For students a companion site that features research resources and links for further investigation For instructors a companion site that features lecture slides a sample syllabus and an Instructor's Manual Features a unique approach that covers media studies aspects with production and design tutorials Covers up to date forms of communication on the web such as memes viral videos social media and more pervasive types of online languages

Collaborative Search and Communities of Interest: Trends in Knowledge Sharing and Assessment Francq, Pascal, 2010-07-31 Collaborative Search and Communities of Interest Trends in Knowledge Sharing and Assessment provides a comprehensive collection of knowledge from experts within the Information and Knowledge Management field Outlining various concepts from an application and technical stand point and providing insight on the various dimensions sociological psychological technical etc of social Internet collaboration This book provides solutions to the detection of interest communities as well as the study of how tools and knowledge sharing impact the environment where they are used

Handbook of Research on Demand-Driven Web Services: Theory, Technologies, and Applications Sun, Zhaohao, 2014-03-31 In the current technological world Web services play an integral role in service computing and social networking services This is also the case in the traditional FREG foods resources energy and goods services because almost all traditional services are replaced fully or partially by Web services Handbook of Research on Demand Driven Web Services Theory Technologies and Applications presents comprehensive and in depth studies that reveal the cutting edge theories technologies methodologies and applications of demand driven Web mobile and e business services This book provides critical perspectives for researchers and practitioners lecturers and undergraduate graduate students and professionals in the fields of computing business service management and government as well as a variety of readers from all the social strata

Cultural Citizenship and Popular Culture Joke Hermes, 2023-09-27 Written in an accessible and engaging style this book uses a series of case studies to show how popular media are important to us as a source of pleasure and entertainment but also in communicating about the world with others Social media platforms have changed how we talk about what we like and dislike in our popular media use Cultural citizenship shows how these discussions speak to belonging to what we feel our rights and responsibilities are in today's polarized world Cultural Citizenship and Popular Culture is based on audience led

research and does not privilege textual analysis as a starting point for taking popular media use as measure. Instead it offers research tools to listen to others. This book offers scholars and students of media and creative industries a means to understand their professional position as one in which they engage with rather than assume to know what users of popular cultural texts and products think and feel. Evangelical Christians and Popular Culture Robert H. Woods Jr., 2013-01-09. This three volume collection demonstrates the depth and breadth of evangelical Christians' consumption, critique and creation of popular culture and how evangelical Christians are both influenced by and influence mainstream popular culture covering comic books to movies to social media. Evangelical Christians and Popular Culture: Pop Goes the Gospel addresses the full spectrum of evangelical media and popular culture offerings even delving into lesser known forms of evangelical popular culture such as comic books, video games and theme parks. The chapters in this 3 volume work are written by over 50 authors who specialize in fields as diverse as history, theology, music, psychology, journalism, film and television studies, advertising and public relations. Volume 1 examines film, radio and television and the Internet. Volume 2 covers literature, music, popular art and merchandise and Volume 3 discusses public figures, popular press, places and events. The work is intended for a scholarly audience but presents material in a student friendly, accessible manner. Evangelical insiders will receive a fresh look at the wide variety of evangelical popular culture offerings many of which will be unknown while non-evangelical readers will benefit from a comprehensive introduction to the subject matter. **The SAGE Handbook of Social Media Marketing** Annmarie Hanlon, Tracy L. Tuten, 2022-06-16. Social media marketing has become indispensable for marketers who utilize social media to achieve marketing objectives ranging from customer care to advertising to commerce. This Handbook explores the foundations and methodologies in analysing the important aspects of social media for organisations and consumers. It investigates critical areas concerning communities, culture, communication and content and considers social media sales. This Handbook brings together the critical factors in social media marketing as the essential reference set for researchers in this area of continued growth. It is essential reading for postgraduate students, researchers and practitioners in a range of disciplines exploring the area. Part 1: Foundations of Social Media Marketing; Part 2: Methodologies and Theories in Social Media; Part 3: Channels and Platforms in Social Media; Part 4: Tools, Tactics and Techniques in Social Media Marketing; Part 5: Management and Metrics in Social Media; Part 6: Ethical Issues in Social Media. Storytelling in Marketing and Brand Communications S M A Moin, 2024-07-12. Storytelling has redefined marketing from a brand monologue to brand-consumer dialogues, conversations and co-creation. Drawing on interdisciplinary narrative literature and the perspectives of legendary practitioners, this book reveals the art of storified brand communications and how storytelling affects our brains using consumer psychology and neuroscience insights. With theories, practice application and several conceptual models, tools and techniques, this book invites researchers, academics, marketing practitioners and students to decode the art of storytelling and join the debate on how storytelling transforms the discourse of marketing and brand.

communications Ancient people gathered around fires to bond and tell stories passing wisdom from generation to generation Likewise we tell stories through social media platforms that transcend time and space Moreover digital storytelling in multiple forms and formats has transformed marketing ushering in an era of a creative renaissance by infusing the imagination of human minds with the power of technology In this context the book positions brand storytelling as an artistic science evolving in the content creators playground that fosters brand consumer conversation and co creation Although the future of storytelling is mysterious the author argues that human minds will continue to dominate machines creating marketing magic at the intersection of narrative art and technological science With a balance of theories and practice including conceptual models tools and techniques this book offers valuable insights allowing researchers academics as well as astute marketing practitioners and students to follow how the art of storytelling empowered by science and technology is transforming the discourse of brand communications in the imagination age

How the online presence of a tourist destination affects the country brand. The Case of Lithuania Viktorija Širvinskytė, 2016-09-28 Master s Thesis from the year 2016 in the subject Tourism Miscellaneous grade 1 3 Stralsund University of Applied Sciences Faculty of Business Studies course Tourism Development Strategies language English abstract This thesis is aimed to test a hypothesis of the country brand s reliance on the online presence The created evaluation model used in the primary research of this paper determines whether there is enough evidence in the data gathered to indicate that the online presence of a tourist destination corresponds to its country brand s rank The research is focused on the online presence of Lithuania as a

weak ranking country brand The online presence results of Lithuania as a tourist destination are compared to the examples of two stronger country brands The conclusions derived from the comparison of the results determine the success of the online presence of Lithuania establish whether the hypothesis of the thesis is true or not while noting the limitations and possible errors of the research and provide the suggestions for the country brand and online presence improvements

A Colorful History of Popular Delusions Robert E. Bartholomew, Peter Hassall, 2015-10-13 This eclectic history of unusual crowd behavior describes a rich assortment of mass phenomena ranging from the amusing and quirky to the shocking and deplorable What do fads crazes manias urban legends moral panics riots stampedes and other mass expressions of emotion have in common By creating a typology of such behavior past and present the authors show how common extraordinary group reactions to fear or excitement are And they offer insights into how these sometimes dangerous mob responses can be avoided We may not be surprised to read about the peculiarities of the European Middle Ages when superstition was commonplace like the meowing nuns of France tarantism a dancing mania in Italy or the malicious anti Semitic poison well scares But similar phenomena show up in our own era Examples include the social networking hysteria of 2012 which resulted in uncontrollable twitching by teenage girls in Leroy NY the phantom bus terrorist of 2004 in Vancouver Canada and the itching outbreak of 2000 in South Africa Vivid detailed and thoroughly researched this is a fascinating overview of collective human behavior in its many unusual forms

Trump's dramatic electoral victory. Attestation to the power of space technology Felix Babatunde Ale, 2016-12-13 Research Paper undergraduate from the year 2016 in the subject Communications Media and Politics Politic Communications language English abstract Twitter which is a product of Computer Science and Technology advancements improved the connenction between Donald Trump and the citizens of the United States of America in such a huge way The flexibility ease as well as the interactive capacity of Twitter as a social networking platform not only helped Donald Trump to build his brand as a potential presidential candidate but also established the most relevant platform where he could respond to any of the concerns of citizens in the most satisfactory way possible Notably the public is more connected to a person who reaches out to the people And Twitter to a large extent gave Donald Trump the possibility to reach out to the general public in a way that no other communication media could
