**Debates in Primary Education** Virginia Bower,2020-10-19 This powerful text encourages both pre service and established teachers as well as teacher educators to engage with contemporary debates in primary education Promoting a critical approach the chapters explore a wide range of key themes including the importance of values in primary education and the imperative for

a curriculum which embraces the whole range of available subjects At the same time the chapters are underpinned by a belief that children should be at the heart of all the decisions we make and that primary education should inspire a love of learning for life The book aims to support practitioners to make informed judgements and feel confident to argue their point of view with deeper theoretical knowledge and understanding thus increasing teacher agency and confidence in responding to complex educational and social dilemmas such as literacy levels and rising mental health concerns Chapters encompass both the macro aspects of primary education and more specialised debates on key topics such as reading mathematics languages early years education and the use of technology With annotated further reading and reflective questions this key text is essential reading for all those wanting to develop a better understanding of the issues that shape their practice including student teachers at both undergraduate and postgraduate level practising teachers engaged in continuing professional development and teacher educators

*Journal of Speech-language Pathology and Audiology* ,1997      With Literacy and Justice for All Carole Edelsky,1991 This volume presents analyses of educational and research practices with the first part highlighting bilingual education and the second part focusing on whole language and progressive ways of evaluating students The book concludes by re iterating the socio political nature of literacy

*El-Hi Textbooks and Serials in Print* ,2006      **Psychology and Educational Practice** Herbert J. Walberg,Geneva D. Haertel,1997      **El-Hi Textbooks & Serials in Print, 2003** ,2003      **Word Recognition and Vocabulary Understanding Strategies for Literacy Success** Richard Sinatra,2003 The author examines the various ways in which children learn words

**Daredevil research** Janice Jipson,Nicholas Paley,1997-03-01 Daredevil Research Re creating Analytic Practice gathers together ten research projects that seek to transform thinking about analytic practice and the construction of research knowledge By experimenting with alternative models of representation unconstrained by the weight of traditional research protocols the authors create multiple spaces for imagining how to differently identify issues for inquiry select modes of analysis and inscribe data into transmittable form At once a production of research knowledge and a conceptual field for meaning making Daredevil Research suggests the possibilities of analytic practice in imaginative independent space

*Reading for All* Sylvia Edwards,1999 Aims to help raise achievement for all children particularly those with special educational needs by helping teachers to coordinate the process of inclusion and to meet the requirements of the Literacy Hour The text should enable teachers to plan a differentiated reading curriculum for the benefit of all pupils integrate IEP targets in the normal routine of the classroom assess reading progress more effectively make the most of the Literacy Hour and develop team approaches to pupils reading development through the coordinated use of learning support staff and parents

**In Defense of Good Teaching** Kenneth S. Goodman,1998 Is whole language the cause of the problems that beset our schools Is the debate between whole language and phonics a cover up for control of what and how students learn Is it appropriate that legislators lobbyists textbook publishers and private interest groups evaluate and promote research on teaching and learning Is

Christian fundamentalism being exploited by political and economic groups Is the attack on whole language supported by research that is valid Is the issue of teaching reading now so polarized that even a balanced approach is no longer acceptable in some schools These questions have come out of the reading wars And teachers now must be articulate and knowledgeable defendants of their own positions in the debate if they are to retain control of their profession In *Defense of Good Teaching* is the whole language community's first concerted response to its attackers reveals some disturbing truths in the reading wars deliberate misrepresentation of ideas about the role of the press conflicting political agendas played out in our schools teachers and administrators marginalized for their beliefs and commercial interests dressed up as scientific research This is an alarming and enlightening book and as the dispute broadens to affect teaching of math and bilingual education it is an important book It will be invaluable to teachers who want the means and strategies to respond to criticism to analyze arguments and to defend their position More is at stake than whole language *Transition and Review Guide*, 1996
