**Swedish Gothic** Yvonne Leffler, 2022-11-01 The book explores the Gothic tradition in Swedish literature It aims to give an overview of the development of Swedish Gothic from the Romantic age until today and to highlight the characteristic features of the Swedish tradition of Gothic in relation to transnational developments in particular in relation to the Anglo American tradition By using a contextualising comparative perspective it highlights the most prevalent and prominent feature of Swedish Gothic the significance of the Nordic landscape the wilderness and local folklore In Swedish fiction the terror is not pointing to the medieval period but is located in pre Christian pagan times Especially in today's Gothic narratives the presence of mythical creatures and nature beings such as trolls tomtes or vittras enhances the Gothic atmosphere Other domestic trends are Gothic crime stories where supernatural creatures and powers constantly obstruct the modern crime investigation and the use of gendered and female monsters
