## **Clinical Supervision A Competency Based Approach:**

**Clinical Supervision** Carol A. Falender,Edward P. Shafranske,2004-01-01 This book presents a competency based approach to supervision that emphasizes the use of science informed theory and practice Without minimizing the complexity of supervision or ignoring the present scientific standing of the field we posit that the practice of supervision involves identifiable competencies which can be learned and in turn promote the supervisee's clinical competence through the integration and application of specific knowledge skills attitudes and values Furthermore we present four superordinate values that we believe to be integral to supervision and clinical practice integrity in relationship ethical values based practice appreciation of diversity and science informed practice Finally we advocate for an approach to supervision that recognizes the personal strengths supervisees bring to their education and clinical training and drawing on principles derived from positive psychology informs the learning process and leads to increased competence and self efficacy PsycINFO Database Record c 2005 APA all rights reserved [Casebook for Clinical Supervision](#) Carol A. Falender,Edward P. Shafranske,2008 Supervision plays a central role in the clinical training of mental health professionals This book examines the supervision relationship in detail and includes supervision tools to help supervisors implement best practices within a competency based framework

**Multiculturalism and Diversity in Clinical Supervision** Carol A. Falender,Edward P. Shafranske,Celia Jaes Falicov,2014 Today's therapists work with diverse clients whose cultural values and attitudes differ in varying degrees from their own Effective training and supervision are necessary to avoid and resolve conflicts This practical guide presents a model for developing multicultural competence within supervision The model emphasizes self assessment to define the cultural niche of each member of the supervision triad therapist client and supervisor Both supervisor and supervisee maintain an attitude of cultural humility and metacompetence knowing what you don't know to better inform case conceptualization diagnosis and treatment In depth supervisory vignettes apply the model to a variety of cultural dimensions including gender ethnicity race immigration socioeconomic status disabilities religion and sexual orientation
