Counterclaims Against School Uniforms:

Argument Writing as a Supplemental Literacy Intervention for At-Risk Youth Margaret Sheehy, Donna M.

Scanlon, 2021-11-28 This volume details the development and initial evaluation of a supplemental literacy course intended to support at risk high school students in the US Developed using design based research DBR the course combines argument writing and knowledge building literacy routines to support academic literacy development Acknowledging the demand for US students to meet academic literacy standards that emphasize explanatory and argumentative writing the text foregrounds knowledge building as key to effective writing development Chapters trace the development and implementation of course literacy routines designed using DBR and use whole class and individual case studies to demonstrate how informational reading discussion and argument writing become an activity system to support literacy development Ultimately the text has important implications for literacy course design and the use of knowledge building analysis and DBR in research The text will benefit researchers academics and educators in higher education with an interest in academic literacy education writing and composition and secondary education more broadly Those specifically interested in methodologies relating to classroom teaching and learning as well as argumentation and argument writing will also benefit from this book *Learning to Debate*

Takeshi Suzuki, David Zarefsky, 2025-04-16 Written in an accessible style this textbook introduces undergraduate students to the theoretical and practical aspects of debate and outlines the fundamental skills of analysis and advocacy Debate teaches students how to solve the problems that we face in everyday and public situations This book allows readers to face such problems head on by equipping them with the knowledge and skills to analyze a situation propose solutions and present debates and arguments in a persuasive manner Organized into two parts the book begins by laying the theoretical foundations and offering a step by step guide to debate Students are shown how to compare pros and cons test evidence and reasoning and defend and develop their own positions Each chapter in part two explores key sample constructive rebuttal and summary debate speeches and includes exercises and assignments to allow students to actively engage with the material and experience debate in the classroom Providing students with the tools to become responsible members of a democratic society *Learning to Debate An Introduction to Analysis and Advocacy* is an ideal textbook for undergraduate Argumentation and Debate and Speech Communication courses Material for instructors including PowerPoint slides and an instructor's manual is available at <https://routledge.com/9781032671390>

School Uniforms Rachel Shanks, Julie Ovington, Beth Cross, Ainsley Carnarvon, 2023-07-18 This edited volume brings together a new materialist approach to understanding the various legacies and controls being exercised through school uniforms Through examining school uniform policies the editors and their authors highlight the embodied choices that contribute to a socio materialist understanding of democracy and social justice Uniform policy plays a distinct role in setting the culture of compulsory school education and as such it constitutes a set of under theorised school practices This work thus brings together critical perspectives from education
