## **Courses Offered At Unisa For 2015:**

Postgraduate Study in South Africa Liezel Frick,Puleng Motshoane,Christopher McMaster,2016-11-21 The book explores concerns about the lack of higher education transformation around issues of equity curriculum reform language and race and how students navigate higher education complexities Students self reflective abilities creativity and pragmatic approaches to surviving and succeeding are indicators that postgraduate student success is as much internally as externally determined Each chapter speaks from a uniquely South African perspective The editors have tried to remain true to the voice of each contributor while simultaneously providing a coherent body of scholarly work Handbook of Theory and Practice of

Sustainable Development in Higher Education Walter Leal Filho,Constantina Skanavis,Arminda do Paço,Judy Rogers,Olga Kuznetsova,Paula Castro,2016-11-23 This Handbook approaches sustainable development in higher education from an integrated perspective addressing the dearth of publications on the subject It offers a unique overview of what universities around the world are doing to implement sustainable development i e via curriculum innovation research activities or practical projects and how their efforts relate to education for sustainable development at the university level The Handbook gathers a wealth of information ideas best practices and lessons learned in the context of executing concrete projects and assesses methodological approaches to integrating the topic of sustainable development in university curricula Lastly it documents and disseminates the veritable treasure trove of practical experience currently available on sustainability in higher education **Higher Education and Sustainability** Ulisses Manuel de Miranda Azeiteiro,J. Paulo

Davim,2019-08-30 The book provides descriptions of experiences from research and educational sustainability projects and the role HEIs can play together with contributions presenting a variety of initiatives showing how SDGs are being implemented The book promotes the theoretical and practical understanding on this thematic and disseminates knowledge and international research and cooperation Contributions cover the role of SDGs in advancing implementation of sustainable development sustainability in higher education the role of universities in sustainable development new paths towards sustainable development and e learning contributions Features Focuses on theoretical and practical understanding on Sustainability Higher Education and SDGs to disseminate knowledge and promote research and cooperation Includes lessons learned from sustainability research and educational challenges presenting case studies technological developments outputs of research and studies best practices and examples of successful projects Discusses relevant and international perspectives on sustainability higher education and SGD's Presents local and international contributions on a variety of initiatives showing how SDGs are being implemented *Claiming Identity Through Redefined Teaching in Construction Programs* Mostafa, Sherif,Rahnamayiezekavat, Payam,2019-07-31 Without a rich learning source that presents state of the art pedagogy covering the key areas of contemporary practice the industrial field may fall out of line with the current times By reforming itself to embrace new norms such as social responsibility deploying modern construction methods including modular building

and modernizing construction contracts the recent literary material will only positively influence the workforce of the world Claiming Identity Through Redefined Teaching in Construction Programs provides scholarly insights into the learning and teaching mechanisms developed at different institutions to address the ever changing attributes in the field of construction management Featuring topics that include artificial intelligence industrial law and operations management the book is ideal for educators industrial managers academics researchers and students *The Role of Higher Education Institutions in*

*Climate Change Adaptation and Mitigation* Ravinesh Rohit Prasad,2025-03-08 This book provides the readers with a description of climate change and the role of the University in promoting climate change education It explores the Higher Education Institutions HEIs curriculum at various universities worldwide and how they have incorporated climate change into the university wide programs The book also looks at the causes and impacts of climate change and the countries most affected by this phenomenon particularly Fiji and Indonesia It describes how the various sectors such as health agriculture and tourism have been impacted by climate change This book also summarizes the roles of United Nations Organizations in implementing climate change education at universities The importance of climate change education is expressed in terms of adaptation and mitigation and to foster resilience adaptability and adaptation to climate change The role of university student organizations aimed at environmental protection for climate change adaptation and mitigation is also discussed in this book **Lugalla: Rethinking Teacher Education** ,2023-06-27 Rethinking Teacher Education Improvement Innovation

and Change is the result of the conference organised by The Aga Khan University Institute for Educational Development East Africa AKU IED EA on education in Uganda in 2017 The Conference gathered participants from nine countries to deliberate on a cross section of factors regarding teacher education in the region and landscaping the same on global perspectives The choice of the conference theme was inspired by a need to consider new systems policies structures and reforms to help drive sustainable education for the development of nations in the East African region A variety contributors participated from across the education landscape and included researchers working in higher education practitioners such as teachers in schools tutors instructors in colleges and lecturers and professors at universities Also contributing were non governmental organisations with interests in education and student learning outcomes civil society organisations whose interests navigate the role education plays in social and national development policy makers and curriculum developers librarians publishers booksellers and teacher trainees all of who shared their rich experiences and perspectives on teacher education in the 21st century in East Africa and globally *South African Journal of Higher Education* ,2008 *Addressing the inequalities in*
