Dating Guide for Men Anthony Ekanem, 2016-12-31 What do women want

This is a question that has baffled men since the beginning of time and men are no closer to understanding women than we were when we huddled around an open fire every night and lived in caves Why are women so hard to decipher Simply because we try to understand them from a man's point of view without understanding the basic premise that women think differently from men In fact women have completely different wiring from that of men and men will never be able to understand them on a logical level which is how men approach almost everything Think about it What do we do when we get together for some fun We definitely aren't sharing feelings No we drink talk about sports and other apparently innocuous subjects which in fact are a hidden form of competition You know the mine's bigger than yours syndrome However for guys this is absolutely natural On the other hand when women get together they share their feelings they watch chick flicks and talk about the latest diet or article in town You see women are mainly driven by emotion Just as we need logic and structure in our lives they need emotion Men thrive on competition adrenaline power domination while women couldn't really care less about them The idea is that if you really want to be able to date any girl no matter how attractive she is you need to know what drives her what her underlying motives are Now don't take this the wrong way because many women have no conscious idea of what drives them or what their motives are it's just the way nature has wired them However just as you need to know

what drives her you need to stop worrying about it making sense It is never going to make sense to us because we see things differently But if you know what her buttons are then you will be able to play sweet music that she won t be able to resist Remember knowledge is power and you like power don t you Well learn what drives women and then you will have it in spades

Dating Strategies for Men Kalonymos Schnippenheimer,2019-02-02 Whether it s the first time you ve scheduled a date and you don t know what to do or you been on hundreds of dates and every one of them failed this guide will give you the strategies you need in order to run spectacular dates A lot of men think of dating as being a very simple straightforward process where you just ask a woman you like out take her to some very fancy very impressive restaurant where you eat some fine ultra expensive delicacy and then magically whisk her away to your secret lair where naughty things happen However if you ve been on many dates you ll know that it never really seems to go like that at all Sure some dates might go like that but if that s your entire dating strategy then it s no wonder why your dates fail And the truth of

the matter is that everytime you take a woman out on a date and it goes poorly you ll probably never hear from that woman ever again Thus if you really like that woman you ve asked out on a date then you owe it to her to ensure that the date goes well Because if it doesn t go well it s not her fault it s entirely your fault But don t be so hard on yourself many guys fail in this department many guys take women out on dates with certain expectations and then kick themselves later when things don t go as they had planned And then they wonder what went wrong In reality many guys have to run many many many dates before they are able to figure out what they ve been doing wrong and eventually finally figure out how to run things right However do you really want to sacrifice so many girls that you like so that you can figure it out Why not just get your dates right from the start Well not to worry because we re going to show you how So that you can be that guy who runs amazing dates In this guide we re going to cover bad dates and why they fail we re going to really break them down in detail and explain what exactly is going on there And then we re going to analyze female psychology a little bit so that you can get a better idea of how a woman sees a date And then finally we re going to discuss the kinds of dates that you should be running and we re going to recommend some highly effective strategies that you should be implementing in order to make sure that your dates go amazingly well and have a happy ending Are you ready to boost your dating game Great Then let s get to it

Dating Essentials for Men

Robert Glover, 2021-08-09 *Dating Essentials for Men* is the un pickup guide to dating success. If you struggle with dating welcome to the club. Dating is not in our human DNA and ninety eight percent of all men struggle with its most basic aspects. This struggle is often fueled by the fear of Doing something wrong, Looking foolish, Getting rejected, Becoming a MeToo casualty, Getting into a crappy relationship with no escape. These fears typically manifest in playing it safe and doing nothing at all or at best in clumsy ineffective attempts at approach. The all too common outcome of repeated failure leaves many men feeling frustrated, defective, unlovable even resentful. For most of his life Dr Glover the author of the groundbreaking *No More Mr Nice Guy* was what he calls a bad dater. He assumed the women he wanted were not interested in him. He believed that women disliked sex and thought men who wanted sex were bad. When he did get a girlfriend by practicing what he calls *Nice Guy Seduction* he typically hung on way too long for fear of having to enter the dating world all over again. But this all changed when he got divorced in his mid forties. Dr Glover decided to approach dating as if it were a scientific experiment. To his surprise he quickly found that talking with women, getting numbers and getting laid was nowhere as difficult as he had thought. He often wondered what planet he had landed on. *Dating Essentials for Men* was born of this experiment. Dr Glover has since taught thousands of men how to interact confidently with women and find the love and sex they have been seeking. Are you ready to let go of the games, the tricks, the seduction, the pickup, the negs, the cocky funny routines, the buying women, drinks, the volunteering to help their sister move? Do you want to learn how to create the kind of authentic attraction that naturally brings women to you? If so, *Dating Essentials for Men* is the only dating guide you will ever need. Upon publication *Dating Essentials for Men* hit such a nerve for single men that it became an instant Amazon 1 New Release quite simply because it contains the best dating advice for men available. It is overflowing with tested proven information that will help you Identify your goals for dating and achieve them. Face your fears and soothe your anxiety. Overcome your fear of rejection.
