Costa Rica Brothels:

Female Prostitution in Costa Rica Anne Hayes, 2013-09-13 This book analyzes the development of female prostitution in the Pacific port of Puntarenas Costa Rica during the advanced stage of the coffee exporting economy 1880 1930 at the height of the consolidation of the liberal state Hayes argues that prostitution in the port differed from that of the coffee producing highlands due to differential economic social and political development In the periphery of Puntarenas the development of prostitution reflected a less stigmatized view of sexual commerce than that of the highlands where prostitution although legal threatened the tenets of liberal nationalism based on racial homogeneity and family values Women of the highlands were encouraged to reproduce the nation's more European stock of workers and to ensure the legal transference of property through legal church marriages both part of a design to stabilize the coffee exporting project By contrast prostitutes and other working women of Puntarenas many immigrants from the less European populations of neighboring regions and most in concubinage were freer to do what the law prescribed register as prostitutes in legitimate trade Such regional disparities reveal weaknesses in traditional explanations of Costa Rican exceptionalism which have rested on the premise of cultural homogeneity and have reflected the realities of only one region of the country The book advances an alternative explanation for the development of the nation's more democratic institutions situating Costa Rican exceptionalism in the nation's free labor system of which the labor prostitute in Puntarenas provides an example *Female Prostitution in Costa Rica* Anne M. Hayes, 2006 Publisher Description

***Mongers in Heaven* Jacobo Schifter, 2007** *Mongers in Heaven* is an exploration of Monger Culture Mongers as defined by the author in relation to sexual tourism to Costa Rica are tourists and expatriates who have developed a unique culture of simulation lying marriages gender games and sexual liberation Schifter Sikora analyzes the relatively new phenomenon of American senior citizens mass traveling to Central America in search of sex and love from prostitutes The social and economic impact of their travel as well as the increase in new HIV infections in the U S and the Central American countries is at the core of Schifter Sikora's analysis The author also makes a unique psychological analysis that includes both the sex worker and her American client and their mutual aspirations and disappointments The study features unique

quantitative data on this population of sex workers and clients and the group's reasons for and expectations of sexual tourism. Also under analysis by Schifter Sikora is Jean Baudrillard's theory of simulation and simulacra here in relation to the disappearance of the real in sexual tourism. American sex tourists are creating a sexual culture where truth is no longer relevant or desired. Costa Rican sex workers for their part hope for the traditional real that the Americans are escaping from. Both groups are turning a former Banana Republic into a sexualized fantasy land where women who charge are lovers and prospective wives and those who do not are seen as the real prostitutes.

Prostitution, Power and Freedom Julia O'Connell Davidson, 2013-06-21. Prostitution is still the subject of intense controversy among feminists but theoretical and political analyses are often only loosely grounded in empirical research. This book offers new perspectives on prostitution based on wide ranging research in nine countries and extensive work with prostitute users.

Gringo Gulch Megan Rivers-Moore, 2016-08-04. Gringo Gulch is a spot in San Jose Costa Rica home of female sex workers who have male clients from abroad from North America in particular. Rivers Moore's work leads the way in a burgeoning scholarly initiative to explore global sex tourism based on long term qualitative research. Her work on the gulch is populated not only by sex workers and their clients but also by state agents and NGO workers. All of them she argues use sex tourism as a strategy for getting ahead. Rivers Moore addresses central questions why has Costa Rica a middle income country thought to be an exceptional success in Latin America emerged as a major site of sex tourism. How do sex tourists and sex workers derive meaning from their experiences in what way do they profit from their encounters with each other. And how has the neoliberal entrenchment of state services and provisions across Latin America affected the role of the nation state in relation to sexuality. This book shifts the conventional analysis away from questions of whether third world women's participation in sexual exchanges with first world men in tourism economies are exploitative it asks instead new questions about how something is gained by all parties involved presenting opportunities for economic and social mobility in terms of class positioning for all. Audiences for the book will include anthropologists sociologists historians geographers as well as scholars in Latin American and Caribbean studies.

A History of Prostitution George Ryley Scott, 2014-01-21. This scientific survey of history of prostitution from antiquity to the twentieth century is one of the first comprehensive studies of this sociological phenomenon of our time. George Ryley Scott writes this treatise in reaction to the lack of literature on the subject at this time dismissing the only volumes available as outdated fragmentary or prejudiced as they were often sponsored by reformist groups. Thus Scott presents us with a refreshingly honest and nonbiased view of prostitution as it was throughout history up until its first publishing in 1936.

Forced Labor: The Prostitution of Children Maureen Jaffe, Sonia Rosen, 1997-07. Contains an edited collection of papers on the international situation of the forced prostitution of children with specific looks at Asia Africa Latin America the U S. Explores different programs strategies for combating the problem. Experts describe child prostitution as it occurs worldwide discusses various responses to the problem shares their expertise.
