The Magna Carta of Humanity Os Guinness,2021-05-11 What kind of revolution brings true freedom to both society and the human soul Cultural observer Os Guinness contrasts the secular French Revolution with the faith led revolution of ancient Israel Arguing that the story of Exodus is the richest vision for freedom in human history his exploration charts the path to the future for America

**Further Studies in the Five Books of Moses** Dr. Martin Sicker,2021-06-06 The eight studies in this volume focus on additional aspects of the narratives in the Five Books of Moses that have frequently been glossed over by commentators ancient and modern and remain contentious to this very day These studies address subjects such as the primal mission of man in the creation narrative the covenant between the pieces the symbolism of circumcision the story of Jacob and his four wives and the rape of Dinah as depicted in the book of Genesis the story of the exodus from Egypt as related in the book of Exodus the reason for the premature death of the sons of Aaron Nadav and Avihu and the reason for the dietary laws as set forth in the book of Leviticus Although these studies do not claim to resolve the issues they examine it is their purpose to stimulate further interest in the complexities of the ancient biblical narratives and the hidden insights about human nature they provide

*The Power of Ideas* Jonathan Sacks,2021-10-11 Britain s most authentically prophetic voice Daily Telegraph The choice with which humankind is faced is between the idea of power and the power of ideas From his appointment as Chief Rabbi in 1991 through to his death in November 2020 Rabbi Lord Jonathan Sacks made an incalculable contribution not just to the religious life of the Jewish community but to the national conversation and increasingly to the global community on issues of ethics and morality Commemorating the first anniversary of his death this volume brings together a compelling selection of Jonathan Sacks BBC Radio Thought for the Day broadcasts Credo columns from The Times and a range of articles published in the world s most respected newspapers along with his House of Lords speeches and keynote lectures First heard and read in many different contexts these pieces demonstrate with striking coherence the developing power of Sacks ideas on faith and philosophy alike In each instance he brings to bear deep insights into the immediate situation at the time and yet it as if we hear him speaking to us afresh giving us new strength to face the challenges and complexities of today s world These words of faith and wisdom shine as a beacon of enduring light in an increasingly conflicted cultural climate and prove the timeless nature and continued relevance of Jonathan Sacks thought and teachings One of the great moral thinkers of our time Robert D Putnam author of *Bowling Alone*

**U-vacharta Ba-chayim** David Birnbaum,Martin S. Cohen, In one of his most famous poems Robert Frost imagines himselfstanding at a crossroads in a yellow wood and having to decidewhich path forward to choose The poem turns on the fact thatneither path clearly recommends itself as the better one to choose both are covered in yellow autumnal leaves one is just as fair as theother and both lead to destinations that Frost cannot see 1 In justtwenty lines the poet thus suggests the plight of moderns who mustmake decisions in life that may eventually be perceived as mattersof great importance but that feel hardly even to

matter much when they are actually being made. That is surely a challenge we all face but how exactly to deal with it is challenging to say. It surely seems exaggerated to conclude from the poet's reverie that our decisions in life don't really matter at all simply because we cannot say at the outset where they may ultimately lead us much less that they have no real importance because we will end up in the same place anyway. Those conclusions both feel just a bit irrational but neither should we read the poem's famous conclusion that the poet's decision to travel the path less taken has ended up making all the difference in his life as suggesting that the wisest choices in life are invariably those spurned by the majority. Surely for all the oylem may be a goylem it can't always be unwise to make some specific decision in life merely because many others have previously chosen to make it.<sup>2</sup> Martin S. Cohen's The Yiddish aphorism one of my own father's favorites conveys the same message as the one attributed possibly spuriously to Alexander Hamilton according to which the masses are asses. The Torah offers a different take on the decision to choose one path forward in life over another. Speaking from the edge of his own life Moses begins by imagining two paths stretching forth before the Israelites as they contemplate their future. And he knows their names too: they are the paths of blessing and of curse. A blessing if you obey all the commandments of the Eternal, your God that I am commanding you this day; a curse if you do not obey the commandments of the Eternal, your God and swerve off the path that I am commanding you today. Deuteronomy 11:26-28. Later in his speech Moses returns to that same trope and describes that same choice in far greater detail. Behold by commanding you today to love the Eternal, your God and to walk in God's ways and to keep God's commandments and statutes and laws I am placing before you today on the one hand life and goodness and on the other death and evil. And so shall you live and flourish as the Eternal, your God blesses you in the land that you are now entering to possess. If however your heart should turn away and you stop obeying such that you actually turn to apostasy and prostrate yourself before alien gods and worship them then I am telling you clearly today that you shall surely perish that you will not live for long on the land that you are about to cross the Jordan to enter and possess. I call heaven and earth on this day as my witnesses that I am placing before you life and death, blessing and curse. Choose life so that you live you and your progeny. And love the Eternal, your God by obeying God's voice and by cleaving unto God for it is God who grants you your life and who determines how long shall last the days you dwell on the land that the Eternal<sup>3</sup> Prefaces swore to grant to your ancestors Abraham, Isaac and Jacob. Deuteronomy 30:15-20. The title of the volume you are holding is taken from the end of this very passage where the Torah presents Moses instructing the people how to deal with the choice that lies before them. *U va'artaba ayyim* choose life he commands and his meaning feels clear and unambiguous to secure a long life for yourself and your progeny choose to live in God's service choose to devote yourself to obeying God's voice and choose to cleave unto God all the days of your life. And the aggregate result of all that wise choosing will lead to the greatest choice of all the choice to embrace life at its fullest and richest both as individuals linked personally to the Almighty in covenantal intimacy and as citizens of a nation linked to the Almighty in exactly the same way. There are countless ways to respond to the

injunction to chooselife and each of the authors in this volume has chosen one to explorein his or her essay Some are theoretical in nature and deal with thelarger notion of how choice and obligation interact in the context ofreligion Others are more practical and treat of the specific ways inwhich individuals might respond to the biblical obligation to chooselife in the context of the consequential decisions that we find ourselvesfaced with in life Still others are rooted in history and presentthe way the injunction to choose life was understood by differentthinkers at different moments in Jewish history And some haveused the scriptural injunction to choose life as a jumping off pointfor considering the notion of free will itself and pondering how thetheological notion that God is all knowing can be reconciled withthe sense people have of being able freely to make real meaningfulchoices in life The authors who have contributed essays to this volume address4 Martin S Cohenall of these questions Our authors come from a wide range ofbackgrounds many are congregational rabbis while others areteachers and academics and still others work in the Jewish world indifferent capacities They are a disparate group our authors men andwomen older and younger staunchly traditionalist and more liberallyoriented Israelis and Diaspora based Yet for all they are different they are also united by the common belief that the written word and particularly in the form of the essay is a useful and satisfyingmedium in which to explore Judaism and Jewishness itself in a deepand meaningful way This is not a book solely for Jews of any particular spiritualorientation nor for that matter is it a book solely for Jewish readers Rather we hope that this anthology may open a door for all whopossess the kind of curiosity about Jewish religion and culture thatcannot be dealt with effectively by platitudes or even heartfelt opedpieces but rather by thoughtful text based studies intended toinform to persuade and to inspire I feel privileged to present thework of these authors to the reading public and I hope our readerswill likewise feel that this is a remarkable collection Unless otherwise indicated all translations here are the authors own work Biblical citations of the NJPS refer to the completetranslation of Scripture first published under the title Tanakh TheHoly Scriptures by the Jewish Publication Society in 1985 The fourletterHebrew name of God is rendered in this volume almost alwaysas the Eternal or Eternal God although authors have sometimesdeparted from this convention as dictated by the constraints of theirown writing I would like to take this opportunity to acknowledge the othersenior editors of the Mesorah Matrix series David Birnbaum andBenjamin Blech as well as Saul J Berman our associate editor Theyand our able staff have all supported me as I ve labored to bring this5 Prefacevolume together and I am grateful to them all As always I must also express my gratitude to the men andwomen and particularly to the lay leadership of the synagogueI serve as rabbi the Shelter Rock Jewish Center in Roslyn NewYork Possessed of the unwavering conviction that their rabbi s bookprojects are part and parcel of his service to them and throughthem to the larger community of those interested in learning aboutJudaism through the medium of the well written word they areremarkably supportive of my literary efforts as author and editor Iam in their debt and I am pleased to acknowledge that debt formally here and whenever I publish my own work or the work of others      **The Road Trip that Changed the World** Mark Sayers,2012-05-01 Can t find no satisfaction

There's no shortage of prescriptions for restlessness out there Seek adventure Live your life Don't hold back Sound familiar The Road Trip that Changed the World is a book challenging the contemporary conviction that personal freedom and self fulfillment are the highest good Like the characters in a Jack Kerouac novel we've dirtied the dream of white picket fences with exhaust fumes The new dream is the open road and freedom Yet we still desire the solace of faith We like the concept of the sacred but unwittingly subscribe to secularized westernized spirituality We're convinced that there is a deeper plot to this thing called life yet watered down therapeutic forms of religion are all we choose to swallow and our personal story trumps any larger narrative This is the non-committal culture of the road Though driving on freely we have forgotten where we're headed Jesus said His road is narrow He wasn't some aimless nomad He had more than just a half tank of gas He had passion objectives and a destination Do you Genesis, the Book of Beginnings Jonathan Sacks, 2009 A Weekly Reading of the Jewish Bible **Faith Lies** Darrell Smith, 2019-01-08 Faith Lies 7 Incomplete Ideas That Hijack Faith and How to See Beyond Them is for people noticing the cracks in the foundation of their faith as well as those who feel they have been hurt or discarded by a God or a faith that just does not make sense Faith lies are those seemingly required religious ideas or spiritual beliefs that are often confusing and rarely helpful LIE 1 The Bible is the Literal Word of God The Bible is not the written record of God's dictation God was most certainly the inspiration for the Bible but not the medium People were the medium they did the storytelling the writing the selecting and the interpretation that resulted in the Bible The Bible is not God's Bill of Rights and Constitution Rather it is a divinely inspired story of progression that should open things up rather than constrict and regulate LIE 2 God is Angry and Doesn't Like Me Especially When I Sin Instead of perceiving God as a loving parent many of us understand God as a cosmic scorekeeper intent on our purification Understanding God as a loving parent not only requires a reframing of our perception of God but also invites us to see each other and ourselves as beloved children LIE 3 The Devil is God's Counterpart This is the bad idea that the Bible presents a continuous consistent narrative about the devil It simply does not Moreover when we string together what we actually have disparate statements about satan made by different people from different places languages cultures and times we arrive at the strange notion that there is a good god who is responsible for the good things in our lives and a bad god satan who handles the bad stuff LIE 4 I Am Supposed to Protect and Defend God and My Faith There are real tensions and conflicts around the globe today that are built on the notion that as people of faith one of our jobs is to defend our faith or our God Rather than settling for a god who needs our protection we can follow the powerfully divine thread of moving beyond the tribe that is found throughout the Bible LIE 5 There is One Right Way to Believe and One Right Way to Behave One of the root lies of fundamentalism in all faiths is the notion that true faith is defined by believing the right things and acting the right way Isn't it more likely that we are all part of a diverse creation that flows from a God that cannot be contained by any one belief or behavior LIE 6 Faith is a Private Matter Much like whom we voted for in the last election or how much money we make people have wrongfully accepted the

idea that faith is a private matter and not to be shared with others The spiritual life has always been a communal life We require others to undertake our journey and others need us too LIE 7 Real Faith is Blind Belief The idea that true faith has no doubts or questions creates a powerless and impotent faith that discourages critical thinking and fosters the ridiculous assumption that science and faith are unrelated Real faith actually requires doubt criticism and exploration in order to change us let alone change the world While the loud voices at the margins adamantly declare faith either completely irrelevant or capable of being contained in one narrow ideology most people get lost in the mix feeling no certainty or comfort in either direction Faith Lies deconstructs the terrible notion that faithlessness and fundamentalism are our only options
