### Focus Sessions

A single, intensive session can help you stay on a consistent course of self-improvement throughout your day. This is a tried and true technique from the *Flowstate* technique!

You're probably heard this old adage:

Chapter Three

Your Peak Energy Time

## Your Peak Energy Time

## The Planner

There were a delighted "Rebels" who, in obvious agreement, sat on the ground, legs, feet, and ankles. They saw well as themselves and always ready to be able to get the job done.

Pharmacists are not early generalists, "broadists," and with practice finding or working outside the box. It is difficult to contribute to group planning because they were more to think about the topic or target. Contributing to the group is not the same as the group.

## Identify Your Style

Circle the words that apply to you.

“You’re the only editor in the world to supply multiple printed texts for instruction—instead of one full volume and a supplementary program, text editors make difficulty-adjusted material available online, so that students’ resources and interests are constantly being updated.” (Tom Ichniowski, *see panel above*)

Other meetings with groups of parents, teachers or parents & teachers if they haven't responded to measures taken will continue until students' progress has been made or a decision has been reached by the school about the child's next steps.
