

# THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "time".  
You can check the box, but measure the results.  
You only measure progress when you move to goals,  
prioritize, communicate priorities, and continue to  
prioritize, communicate priorities, and continue to

do. For the most part, I just move on and do what  
needs to be done. I don't focus on what to do first  
or the priority of doing something. You can do  
it all and still move on to the next

right priorities.

1. **Set your goals.** You can't move forward  
without a clear idea of what you want to  
achieve. Set your goals, and then  
prioritize them.
2. **Communicate priorities.** You can't move  
forward without a clear idea of what you  
want to achieve. Set your goals, and then  
prioritize them.
3. **Focus on output.** You can't move forward  
without a clear idea of what you want to  
achieve. Set your goals, and then  
prioritize them.

## STEP 3

### FOCUS ON RESULTS.

As many entrepreneurs work to stay ahead of their day-to-day tasks, it's easy to lose focus on what's important. That's where this section comes in to help you prioritize your goals and move to the next level of success. By doing this, you'll be able to move forward with confidence and continue to move forward.

**How does prioritization work?**  
Prioritization is the process of determining what tasks are most important and what tasks are less important. By prioritizing tasks, you can focus on what's most important and move forward with confidence. This is a key part of productivity, and prioritization can help you move forward with confidence and continue to move forward.

The Pareto principle, also known as the 80/20 rule, is based on the concept of power law distributions. It states that 80% of the outcomes are caused by 20% of the inputs, and most of the time, it's the 20% of the inputs that create the 80% of the outcomes. This principle can be applied to business, where 20% of your products or services create 80% of your revenue.

For entrepreneurs, the 80/20 rule can help you prioritize your business and move forward with confidence.
