## **International Bestseller Twitter Trending S:**

**Exposed** Mia-Marie Hammarlin, 2019-09-15 This book illuminates the personal experience of being at the centre of a media scandal. It applies ethnological perspectives to empirical materials from a Swedish context to highlight the existential level of the phenomenon. How does it feel to be exposed through scandalisation? How does such an experience affect a person's everyday life? These are the urgent and fascinating questions that the book addresses. It also highlights the fusion between face to face communication and traditional news media. Gossip and rumour must be included in the idea of the media system for us to be able to understand the power of a media scandal. A finding leads to a critique of earlier research. An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence.
