

# THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "time".  
You can check the box, but measure the results.  
You only measure progress when you move to goals,  
prioritize, communicate priorities, and continue to  
prioritize, communicate priorities, and continue to

do. For the most part, I just move on and do what  
needs to be done. I don't focus on what to do first  
or the priority of doing something. You can do  
it all and still move on to the next

right priorities.

1. **Set your goals.** You can't move forward  
without a clear idea of what you want to  
achieve. Set your goals, and then  
prioritize them.
2. **Communicate priorities.** You can't move  
forward without a clear idea of what you  
want to achieve. Set your goals, and then  
prioritize them.
3. **Focus on output.** You can't move forward  
without a clear idea of what you want to  
achieve. Set your goals, and then  
prioritize them.

## STEP 3

### FOCUS ON RESULTS.

As many entrepreneurs work to stay ahead of their day-to-day tasks, it's easy to lose focus on what's important. That's where this section comes in to help you prioritize your goals and move to the next level of success. By doing this, you'll be able to move forward with confidence and continue to move forward.

#### Key takeaways:

The 80/20 rule is a strategy developed by accountants in the early 1900s. It's based on the idea that 80% of your work is 20% of your time and 20% of your output. This principle applies to many areas of business, including sales, marketing, and customer service. By applying this rule to your business, you can focus on what's most important and move forward.

The 80/20 rule is a strategy developed by accountants in the early 1900s. It's based on the idea that 80% of your work is 20% of your time and 20% of your output.
