**Lois McMaster Bujold** Edward James,2015-07-15 Readers have awarded Lois McMaster Bujold four Hugo Awards for Best Novel a number matched only by Robert Heinlein Her Vorkosigan series redefined space opera with its emotional depth and explorations of themes such as bias against the disabled economic exploitation and the role of women in society Acclaimed science fiction scholar Edward James traces Bujold s career showing how Bujold emerged from fanzine culture to win devoted male and female readers despite working in genres military SF space opera perceived as solely by and for males Devoted to old school ideas such as faith in humanity and the desire to probe and do good in the universe Bujold simultaneously subverted genre conventions and experimented with forms that led her in bold creative directions As James shows her iconic hero Miles Vorkosigan unimposing physically impaired self conscious to a fault embodied Bujold s thematic concerns The sheer humanity of her characters meanwhile gained her a legion of fans eager to provide her with feedback expand her vision through fan fiction and follow her into fantasy

**Your Storytelling Potential** Mitchell German, Russell

Phillips,2023-05-02 Writers seeking to create novels and screenplays with genuine layers and depth will find essential insight in Mitchell German's Your Storytelling Potential. After studying filmmaking and screenwriting at NYU one of the premier film studies programs in the United States if not the world, Mitchell German graduated with a complete doctrine on storytelling theory in his arsenal yet his screenplays still lacked the potency he desired. He spent ten years studying every available book and expert on storytelling but it wasn't until 2002 after endlessly studying the movie Liar Liar that Mitchell found the key and developed the Your Storytelling Potential Method. The truth about great storytelling is hidden in plain view for anyone to see but nearly every expert ignores the most basic story construct. In Your Storytelling Potential writers who seek to tell great stories will find A complete understanding of the Identifiable Traits great novels and screenplays namely movies have that distinguish them from the other 99.99% of books and screenplays written every year. How to use Two Stories within a screenplay and novel which exponentially increases the chances of those stories gaining buzz and attention. A proper understanding of the critical and essential role of Subplots to create genuine character depth and relationships. How to properly integrate a Theme for stories to convey deep relevant and amazing ideas. An outline for utilizing A B Parallel Story Structure and the Simple Story Timeline to build multi dimensional stories with the required converging events of the A Story B Story relationship. How the premise of every great story is created by the convergence of the A B Storylines and how this Key Information can unlock Your Storytelling Potential. [Science Fiction and Fantasy Book Review](#) Neil Barron, R.

Reginald,2009-11-01 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field by amateur critics and by litterateurs and University professors. Over a thousand books were covered during the single year of publication many of them having been reviewed nowhere else before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series. Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own. [Waterstone's Guide to Books](#) Waterstone & Co, 1988. [The Black Knight](#) Luke
