The Country Parson Honoré de Balzac, 2017-09-18 Excerpt from The Country Parson Le Cure De Village Still the book is one of great attraction and interest and takes if I may judge by my own experience a high rank for enchaining power among that class of Balzac's books which cannot be put exactly highest If the changes made in it by its author have to some extent dislocated it as a whole they have resulted in very high excellence for almost all the parts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

came back to Paris There is nothing like the same great gulf fixed between the Londoner and the countryman in England as that which exists between the Parisian and the Provincial in France But imagine an Englishman not even English by race from his youth up an inhabitant of great towns attempting to delineate the English peasantry after a few weeks stay in a Wiltshire village About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
