Designing Texts Teaching Visual Communication Baywoods Technical Communications:

Designing Texts Eva Brumberger,Kathryn Northcut,2016-12-14 Designing Texts is an edited collection dedicated to teaching visual communication in non visual disciplines with a particular focus on the fields of technical and professional communication rhetoric and composition **Teaching Professional and Technical Communication** Tracy Bridgeford,2018-09-21 Teaching Professional and Technical Communication guides new instructors in teaching professional and technical communication PTC The essays in this volume provide theoretical and applied discussions about the teaching of this diverse subject including relevant pedagogical approaches how to apply practical aspects of PTC theory and how to design assignments This practicum features chapters by prominent PTC scholars and teachers on rhetoric style ethics design usability genre and other central concerns of PTC programs Each chapter includes a scenario or personal narrative of teaching a particular topic provides a theoretical basis for interpreting the narrative illustrates the practical aspects of the approach describes relevant assignments and presents a list of questions to prompt pedagogical discussions Teaching Professional and Technical Communication is not a compendium of best practices but instead offers a practical collection of rich detailed narratives that show inexperienced PTC instructors how to work most effectively in the classroom Contributors Pam Estes Brewer Eva Brumberger Dave Clark Paul Dombrowski James M Dubinsky Peter S England David K Farkas Brent Henze Tharon W Howard Dan Jones Karla Saari Kitalong Traci Nathans Kelly Christine G Nicometo Kirk St Amant **A Unified Theory of Information Design** Nicole Amare,Alan Manning,2016-11-03 Communicative visuals including written text have a diverse range of forms and purposes In this volume the authors show that it is possible to both describe and explain the major properties of diverse visual communication forms and purposes within a common theoretical framework of information design and ethics For those unaccustomed to thinking of written text as a visual form belonging to the same general class as other visual forms colour texture shape imagery etc consider how a text's readability suffers if we remove all white space and punctuation which can be identified as visual signals of the same subtype as grid lines and bullet points dividing and calling attention to adjacent information The authors identify deep connections between foundational visual design elements and the grammar of language itself No physicist or chemist today questions the value of a single theory that describes and explains a wide variety of phenomena but oddly enough the authors have frequently been asked why they are interested in advancing a unified theory of visual communication The simplest answer is to treat visual communication as a science and seeking unified theories is just what science does In more practical terms a unified approach to visual communication allows us to teach visual design students relatively few things that will enable them to do relatively many things **Surviving Sexism in Academia** Kirsti Cole,Holly Hassel,2017-06-26 This edited collection contends that if women are to enter into leadership positions at equal levels with their male colleagues then sexism in all its forms must be acknowledged attended to and actively addressed This interdisciplinary collection Surviving Sexism in Academia Strategies

for Feminist Leadership is part storytelling part autoethnography part action plan The chapters document and analyze everyday sexism in the academy and offer up strategies for survival ultimately lifting the veil from the good old boys business as usual culture that continues to pervade academia in both visible and less visible forms forms that can stifle even the most ambitious women in their careers
