Foreword by Chris Sturgis Shifting to a competency based curriculum allows educators to revolutionize education by replacing traditional ineffective systems with a personalized learner centered approach. Throughout the resource the authors explore how the components of PLCs promote the principles of competency based education and share real world examples from practitioners who have made the transition to learner centered teaching. Each chapter ends with reflection questions readers can answer to apply their own learning progression. By reading this book K-12 administrators, school leaders and teacher leaders will evaluate the qualities of true competency based schools and the flaws in traditional schooling. Consider the foundational role that PLCs have in establishing the competency based approach and promoting learning for all. Gain tips for successfully implementing student centered practices for learning competencies and performance assessment and grading. Explore real school experiences that highlight the processes and challenges involved in moving from traditional to competency based school structures. Access reproducible school design rubrics appropriate for the five design principles of competency based learning. **The Economics of US Health Care Policy** Charles E. Phelps, Stephen T. Parente, 2017-11-13 In this book Phelps and Parente explore the US health care system and set out the case for its reform. They trace the foundations of today's system and show how distortions in the incentives facing participants in the health care market could be corrected in order to achieve lower costs, a higher quality of care, a higher level of patient safety and a more efficient allocation of health care resources. Phelps and Parente propose novel yet economically robust changes to US tax law affecting health insurance coverage and related issues. They also discuss a series of specific improvements to Medicare and Medicaid and assess potential innovations that affect all of health care including chronic disease management, fraud and abuse detection, information technology and other key issues. *The Economics of US Health Care Policy* will be an illuminating reading for anyone with an interest in health policy and will be a valuable supplementary text for courses in health economics and health policy, including for students without advanced training in economics. *Breaking Down the Wall* Margarita Calderon, Maria

G. Dove,Diane Staehr Fenner,Margo Gottlieb,Andrea Honigsfeld,Tonya Ward Singer,Shawn Slakk,Ivannia Soto,Debbie Zacarian,2019-09-11 It was a dark and stormy night in Santa Barbara January 19 2017 The next day s inauguration drumroll played on the evening news Huddled around a table were nine Corwin authors and their publisher who together have devoted their careers to equity in education They couldn t change the weather they couldn t heal a fractured country but they did have the power to put their collective wisdom about EL education upon the page to ensure our multilingual learners reach their highest potential Proudly we introduce you now to the fruit of that effort Breaking Down the Wall Essential Shifts for English Learners Success In this first of a kind collaboration teachers and leaders whether in small towns or large urban centers finally have both the research and the practical strategies to take those first steps toward excellence in educating our culturally and linguistically diverse children It s a book to be celebrated because it means we can throw away the dark glasses of deficit based approaches and see children who come to school speaking a different home language for what they really are learners with tremendous assets The authors contributions are arranged in nine chapters that become nine tenets for teachers and administrators to use as calls to actions in their own efforts to realize our English learners potential 1 From Deficit Based to Asset Based 2 From Compliance to Excellence 3 From Watering Down to Challenging 4 From Isolation to Collaboration 5 From Silence to Conversation 6 From Language to Language Literacy and Content 7 From Assessment of Learning to Assessment for and as Learning 8 From Monolingualism to Multilingualism 9 From Nobody Cares to Everyone Every Community Cares Read this book the chapters speak to one another a melodic echo of expertise classroom vignettes and steps to take To shift the status quo is neither fast nor easy but there is a clear process and it s laid out here in Breaking Down the Wall To distill it into a single line would go something like this if we can assume mutual ownership if we can connect instruction to all children s personal social cultural and linguistic identities then all students will achieve
