A Life Companion
Tips for Livin has a concise, no-fluff approach to the lived experience and our own hubris. It covers topics from individuality, self-development, discipline, to relationships and creative momentum. What I found refreshing about the writing style is that it conveys stoicism in a gentle yet colloquial manner that is applicable to the modern age. If you're feeling stuck or overwhelmed, this is definitely worth the read. The author seamlessly distills eastern philosophy through a western lens, offering guidance to all walks of life.
