

# Planning your digital detox

## Get inspired

Thinking of a digital detox is scary by itself. That's why it is essential to find the positive side of it.

## Choose the right time

The best period may be the following weekend or vacation, depending on how long you plan it to be.

## Choose the limitations

The forms of digital detox differ by the limitations you impose on yourself.

## Choose the duration

A two-day detox suffices to reload yourself. 21 days are enough to generate a helpful habit.

## Let people know

If others may be affected by your digital detox, you should let them know beforehand.

## Plan your activities

Everyone needs something to fill the gaps. And this "something" should be pleasant.

### **Paper Time Machines**

Maurice W. Suckling, 2024-08-14 James Dunnigan's memorable phrase serves as the first part of a title for this book where it seeks to be applicable not just to analog wargames but also to board games exploring non expressly military history that is to political diplomatic social economic or other forms of history Don't board games about history made predominantly out of layered paper permit a kind of time travel powered by our imagination Paper Time Machines Critical Game Design and Historical Board Games is for those who consider this a largely rhetorical question primarily for designers of historical board games directed in its more practice focused sections Parts Two Three and Four toward those just commencing their journeys through time and space and engaged in learning how to deconstruct and to construct paper time machines More experienced designers may find something here for them too perhaps to refresh themselves or as an aid to instruction to mentees in whatever capacity But it is also intended for practitioners of all levels of experience to find value in the surrounding historical contexts and theoretical debates pertinent to the creation of and the thinking around the making of historical board games Parts One and Five In addition it is intended that the book might redirect some of the attention of the field of game studies so

preoccupied with digital games toward this hitherto generally much neglected area of research Key Features Guides new designers through the process of historical board game design Encapsulates the observations and insights of numerous notable designers Deeply researched chapters on the history and current trajectory of the hobby Chapters on selected critical perspectives on the hobby
