A Guide to Serial Publications Founded Prior to 1918 and Now Or Recently Current in Boston, Cambridge, and Vicinity Thomas Johnston Homer, 1922 *Magnetic Tape Titles Recorded by Volunteers and on Deposit at the Library for the Blind and Physically Handicapped Section of the State Library Division* Michigan. State Library Division. Blind and Physically Handicapped Section, 1968 We are the Leaders We've Been Waiting For Julie E. Owen, 2023-07-03 At this time of social flux of changing demographics on campus and the world beyond of recognition of intersectional identities as well as the wide variety of aspirations and career goals of today's women undergraduates how can colleges and universities best prepare them for the demands of modern leadership This text speaks to the changing context of today's women students experiences recognizing that their work life goals may go beyond climbing the corporate ladder to include social innovation and entrepreneurial goals policy and politics and social activism This book is a product of multiple collaborations and intellectual contributions of a diverse group of undergraduate and graduate women who helped shape the course on which it is based They provided research support critical readings as well as the diverse narratives that are included throughout the book not as an ideal for readers to aspire to but as an authentic expression of how their distinct and sometimes non conforming lived experiences shaped their understandings of leadership It goes beyond hero she ro person centered approaches to get at the complex and intrapersonal nature of leadership It also situates intersectional identities critical consciousness and student development theory as important lenses throughout the text Recognizing that there are many possible manifestations of leadership or gender this text encourages students to embrace the contradictions rather than engaging in dualistic black and white thinking challenging them to address such questions as Should women lean in and work harder to achieve their own leadership goals or should they focus on bigger systemic issues to create equity in the workplace Each chapter concludes with a brief chapter review a narrative from a current college student and critical reflection questions *The Joke Is on Us* Julie A. Webber, 2018-12-11 This edited volume brings together scholars of comedy to assess how political comedy encounters neoliberal themes in contemporary media Central to this task is the notion of genre under neoliberal conditions where market logics motivate most actions genre becomes mixed Once stable discreet categories such as comedy horror drama and news and entertainment have become blurred so as to be indistinguishable The classic modern paradigm of comedy tragedy no longer holds if it ever did Moreover as politics becomes more economic and less moral or normative under neoliberalism we are able to see new resistance to comedic genres that support neoliberal strategies to hide racial and gender injustice such as unlaughter ambiguity and anti comedy There is also an increasing interest with comedy as a form of entertainment on the political right following both Brexit in the UK and the election of Trump in the U S Several essays confront this conservative comedy and place it in context of the larger humor history of these debates over free speech and political correctness For comedians too entry into popular media now follows the familiar

neoliberal script of the celebration of self help with the increasing admonishment of those who fail to win in market terms
Laughter plays an important role in shaming and valorizing often at the same time the precarious subject in the aftermath of
global recession Doubling down on austerity self help policies and equivocation in the face of extremist challenges right and
left politics foils the critical comedian s attempt to satirize and parody its object Characterized by ambiguity mixed genre and
the increasing use of anti humor political comedy mirrors the social and political world it mocks parodies and celebrates
often with lackluster results suggesting that the joke might be on us as audiences **Resources in Education** ,1991-04
