The present volume covers 1971 through 1974. Entries record location and when available the group that sponsored the event. In this fourth and concluding volume of Anatoly Karpov's semi closed openings series, the most important developments in the Grünfeld, Queen's Indian, King's Indian and Nimzo Indian Defenses are explained and examined. Each variation is analyzed in depth using complete games from recent Grandmaster play to illustrate how opening ideas are put into action in the middlegame and endgame. **The Caro-Kann the Easy Way** Thomas Engqvist, 2023-11-09 An informative guide to understanding and implementing the fundamentals of the Caro-Kann the easy way. The Caro-Kann defence, named after the German chess players Horatio Caro and Marcus Kann, is notorious for its simple solidity and is a popular chess opening that players of all levels benefit from having in their arsenal. It is a firm favourite of grandmasters past and present, including Karpov, Petrosian, Capablanca and Anand. This is the fifth book from International Master Thomas Engqvist and it avoids overcomplicated details and endless computer variations, focusing instead on key variations of the Caro-Kann that can be committed to memory. Examining classic games to demonstrate key moves in action, Engqvist brings the defence to life and provides you with the knowledge you need to put strategy into practice.
