**Anastasija Ropa, Timothy Dawson**

## Chevaliers Bombardes Dazincourt Marignan 1415 1515:

**Agincourt in Context** Rémy Ambühl, Craig Lambert, 2018-10-05 This book investigates the Battle of Agincourt which continues to be of immense national and international interest as well as the wider conduct and organisation of war in the late Middle Ages. In England Shakespeare's Henry V ensured that the battle holds a place in the English national consciousness and through the centuries that followed the story of Henry's famous victory was used to galvanise English national spirit in times of war. In France the immediate impact of the battle was that it helped to galvanise French national awareness in response to an external enemy. This book showcases new research into Agincourt and the wider issues of military recruitment, naval logistics, gunpowder and siege warfare and the conduct of war. It also takes a wider European perspective on the events of 1415 by including research on Portuguese military organisation at the time of Agincourt. This book was originally published as a special issue of the *Journal of Medieval History*.

*France in the World* Patrick Boucheron, Stéphane Gerson, 2019-04-09 Short essays offer a kaleidoscopic provocative history of France and its place within the world from its prehistoric frescoes to Coco Chanel to the terrorist attacks of 2015. *New Yorker* A major work, exhaustive, controversial and fresh and entirely relevant to Anglophone readers that redefines how we write about national and world history. *Guardian* Bringing together an impressive group of established and up and coming historians, this bestselling French history conceives of France not as a fixed rooted entity but instead as a place and an idea in flux moving beyond all borders and frontiers shaped by exchanges and mixtures. Presented in chronological order from 34 000 BC to modern day, each chapter covers a significant year from its own particular angle: the marriage of a Viking leader to a Carolingian princess proposed by Charles the Fat in 882; the Persian embassy's reception at the court of Louis XIV in 1715; the Chilean coup d'état against President Salvador Allende in 1973 that mobilized a generation of French left wing activists. *France in the World* combines the intellectual rigor of an academic work with the liveliness and readability of popular history. With a brand new preface aimed at an international audience, this English language edition will be an essential resource for Francophiles and scholars alike.

**The Horse in Premodern European Culture** Anastasija Ropa, Timothy Dawson, 2020-01-20 This volume provides a unique introduction to the most topical issues, advances and challenges in medieval horse history. Medievalists who have a long standing interest in horse history as well as those seeking to widen their understanding of horses in medieval society will find here informed and comprehensive treatment of chapters from disciplines as diverse as archaeology, legal, economic and military history, urban and rural history, art and literature. The themes range from case studies of saddles and bridles to hippiatric treatises to the medieval origins of dressage literary studies. It shows the ubiquitous and often ambiguous role of the horse in medieval culture where it was simultaneously a treasured animal and a means of transport, a military machine and a loyal companion. The contributors, many of whom have practical knowledge of horses, are drawn from established and budding scholars working in their areas of expertise.

**King Henry V: A Critical Reader** Line

Cottegnies,2018-10-18 Arden Early Modern Drama Guides offer students and academics practical and accessible introductions to the critical and performance contexts of key Elizabethan and Jacobean plays Essays from leading international scholars give invaluable insight into the text by presenting a range of critical perspectives making the books ideal companions for study and research Key features include Essays on the play s critical and performance history A keynote essay on current research and thinking about the play A selection of new essays by leading scholars A survey of resources to direct students further reading about the play in print and online This volume offers a thought provoking guide to King Henry V surveying the play s rich critical and performance history with a particular emphasis on its reputation in France as well as Britain and the US A chapter on non Anglophone reactions to the play alongside new essays on British identity religion medieval warfare and the questioning of Henry V s heroism open up ground breaking perspectives on the play The volume also includes discussions of King Henry V s rich theatrical and filmic heritage and a guide to learning and teaching resources and how these might be integrated into effective pedagogic strategies in the classroom La guerre en Normandie (XIE-XVE siècle) Anne Curry,Véronique Gazeau,Université de Caen Basse-Normandie.
