Conley, 2001 Few writers portray Native American life and history as richly authentically and insightfully as Robert J Conley Conley represents an important voice of the Cherokee past The novels in his Real People series combine powerful characters gripping plots and vivid descriptions of tradition and mythology to preserve Cherokee culture and history In Cherokee Dragon the tenth novel in the series Robert Conley explores the life of Dragging Canoe the last great war chief of the united Cherokee tribe In the late eighteenth century as the English settlers begin steadily encroaching upon the Cherokee lands the Nation divided among several towns and many chiefs unites in a series of battles But the united front is not one that lasts Dragging Canoe's belief that they must fight the settlers to preserve their lands and their culture is far from universal Cherokee Dragon: A Novel of the Real People Robert J. American Indian Literature Kimberly Wieser-Weryackwe, 2025-07-10 Discover the essential people works movements and themes in American Indian literature American Indian literature is a varied and vibrant collection of Indigenous artistic expression American Indian novelists poets essayists and critics have over the last four centuries asserted powerful forms of intellectual and artistic sovereignty writing in English while building on discrete tribal oral traditions and forms of storytelling This encyclopedia introduces readers to the key historical and contemporary figures in American Indian literature and their defining works From the fiery sermons of Methodist minister William Apsess to the Pulitzer Prize winning novel House Made of Dawn by N Scott Momaday to the critically acclaimed and commercially successful novels of Louise Erdrich this book illustrates the indelible and influential imprint American Indians have on the landscape of American letters Readers are also introduced to the key themes and context of American Indian literature exploring how it is inextricable from American literary history the American literary canon and the narrative of American history not on the fringes of the American experience but central to it Revolutionary Founders Ray Raphael, 2012-04-17 In twenty two original essays leading historians reveal the radical impulses at the founding of the American Republic Here is a fresh new reading of the American Revolution that gives voice and recognition to a generation of radical thinkers and doers whose revolutionary ideals outstripped those of the Founding Fathers While the Founding Fathers advocated a break from Britain and espoused ideals of republican government none proposed significant changes to the fabric of colonial society Yet during this revolutionary period some people did believe that liberty meant liberty for all and that equality should be applied to political economic and religious spheres Here are the stories of individuals and groups who exemplified the radical ideals of the American Revolution more in keeping with our own values today This volume helps us to understand the social conflicts unleashed by the struggle for independence the Revolution's achievements and the unfinished agenda it left to future generations to confront Appalachian Gateway George Brosi, Kate Egerton, 2013-04-30 Featuring the work of twenty five fiction writers and poets this anthology is a captivating introduction to the finest of contemporary Appalachian literature

Here are short stories and poems by some of the region's most dynamic and best loved authors Barbara Kingsolver Ron Rash Nikki Giovanni Robert Morgan Lisa Alther and Lee Smith among others In addition to compelling selections from each writer's work the book includes illuminating biographical sketches and bibliographies for each author These works encompass a variety of themes that collectively capture the essence of Appalachia love of the land family ties and the struggle to blend progress with heritage Readers will enjoy this book not just for the innate value of good literature but also for the insights it provides into this fascinating area This book of fiction is an enlightening companion to non fiction overviews of the region including the Encyclopedia of Appalachia and A Handbook to Appalachia An Introduction to the Region both published by the University of Tennessee Press in 2006 In fact the five sections of this book are the same as those of the Encyclopedia Educators and students will find this book especially appropriate for courses in creative writing Appalachian studies and Appalachian literature Editor George Brosi's foreword presents an historical overview of Appalachian Literature while Kate Egerton and Morgan Cottrell's afterword offers a helpful guide for studying Appalachian literature in a classroom setting

Deep Waters Christopher B. Teuton, 2018-11-01 Weaving connections between indigenous modes of oral storytelling visual depiction and contemporary American Indian literature Deep Waters demonstrates the continuing relationship between traditional and contemporary Native American systems of creative representation and signification Christopher B Teuton begins with a study of Mesoamerican writings Din sand paintings and Haudenosaunee wampum belts He proposes a theory of how and why indigenous oral and graphic means of recording thought are interdependent their functions and purposes determined by social political and cultural contexts The center of this book examines four key works of contemporary American Indian literature by N Scott Momaday Gerald Vizenor Ray A Young Bear and Robert J Conley Through a textually grounded exploration of what Teuton calls the oral impulse the graphic impulse and the critical impulse we see how and why various types of contemporary Native literary production are interrelated and draw from long standing indigenous methods of creative representation Teuton breaks down the disabling binary of orality and literacy offering readers a cogent historically informed theory of indigenous textuality that allows for deeper readings of Native American cultural and literary expression
