Social Skills Games and Activities for Kids With Autism Wendy Ashcroft, Angie Delloso, Anne Quinn, 2021-09-23

Social Skills Games and Activities for Kids With Autism provides complete instructions for using fun engaging games and activities to teach social skills to children with autism spectrum disorders. The games include directions for assessing skills such as asking for toys, getting the attention of others, reading nonverbal gestures, understanding perspectives and cooperating to solve problems. Using the principles of Applied Behavior Analysis, the book takes teachers through motivating prompting, shaping, modeling, and reinforcing social skills while playing the games and helping students learn to participate in other activities such as demonstrating the social skill in role plays and the natural environment. Perfect for teachers struggling to help their students with autism learn to interact socially with their peers, these games are sure to become a much loved part of students' daily routines.

Your Dog Can Talk Christina Hunger, 2025-08-12 A definitive guide and workbook for training your dog to talk using button communication from the New York Times bestselling author of *How Stella Learned to Talk*. It's a question that has crossed every dog owner's mind: What would it be like to know what my dog is thinking? In *Your Dog Can Talk*, speech pathologist and New York Times bestselling author Christina Hunger helps dog owners teach their pets to speak by using button communication, a method that allows dogs to give voice to their daily thoughts, requests, and feelings by pawing buttons that activate prerecorded words. For the first time in history, we have a window into our dogs' minds and can hear firsthand how they're experiencing the environment we share with them. When we know exactly what our pets need and are thinking about, we can better care for them, strengthen our bond, and create a relationship grounded in mutual respect and communication. *Your Dog Can Talk* is an indispensable resource for long-time dog owners, new puppy parents, and everyone in between. Using the methods she developed with her own dog, Stella, Hunger shows readers how to create an easy-to-implement speech training plan for their beloved pups. Filled with simple explanations, realistic goals for owners, and step-by-step instructions, as well as helpful anecdotes from Hunger's own experiences working with thousands of dogs, *Your Dog Can Talk* makes button communication more understandable and accessible than ever before.

Augmentative and Assistive Communication with Children

Lesley Mayne, Sharon Rogers, 2020-05-21 This practical resource is designed to help the families and professionals who support children who use augmentative and assistive communication AAC to interact with the world around them. The research-based Hear Me into Voice protocol presented at the American Speech Language Hearing Association Annual Convention in 2018, the California Speech Language Hearing Association Annual Convention in 2017, and the International

Society for Augmentative and Alternative Communication Conference in 2016 provides communication partners with a functional knowledge of the child's communication skills and provides a practical intervention plan to carry forward. Through this protocol and intervention plan communication partners can engage with the child's personal voice through their varying multimodal forms of communication. The child is given the space to grow into a competent and confident communicator. Key features include Photocopyable and downloadable resources including the Hear Me into Voice protocol an AAC report shell template an AAC report teaching template and tools including how to make a communication wallet and a Let's Chat communication partner tip card template. Guidance for offering AAC intervention sessions including an intervention plan supported by case studies. Practical activities that can be used to engage children with complex communication profiles. Engaging and easy to follow this resource is not only essential for professionals and students looking to support children with complex language needs but also families looking to understand their child's unique communication style.
