

THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "time".
You can check the box, but measure the results.
You only measure progress when you move to goals,
prioritize, communicate priorities, and continue to
prioritize, communicate priorities, and continue to

do. For the most part, I just move on and do what
needs to be done. I don't focus on what to do first
or the priority of doing something. You can do
what needs to be done.

right priorities.

1. **Set your goals.** You can't move forward
without a clear idea of where you want to go.
Goals are the foundation for success.
2. **Communicate priorities.** You can't move forward
without a clear idea of what needs to be done
and when it needs to be done.
3. **Focus on output.** You can't move forward
without a clear idea of what needs to be done
and when it needs to be done.

STEP 3

FOCUS ON RESULTS.

As many entrepreneurs work to stay ahead of the curve of competition or market
trends, the entrepreneur needs to focus on results. By focusing on results, you can
achieve success. Each section of this book contains a section on results, so that
entrepreneurs can focus on what matters most: results, growth, and revenue.

Key takeaways:

The focus on results is essential for success. By focusing on results, you can
achieve success. Each section of this book contains a section on results, so that
entrepreneurs can focus on what matters most: results, growth, and revenue.

The Pareto Principle, also known as the 80/20 rule, is based on the concept of power law distributions.
It states that 80% of the effects come from 20% of the causes.
In business, it means that 80% of the revenue comes from 20% of the customers.
In marketing, it means that 80% of the sales come from 20% of the products.

By understanding the 80/20 rule, you can focus your energy and resources on the 20% that
will produce the 80% of the results.

Woo, Linda Hefferin, Susie VanHuss, 2005-08-03 This text takes document processing out of the classroom and into the workplace. A simulated company UBI serves as the overall structure for this one of kind text. Realistic workplace challenges integrate business vocabulary, critical thinking strategies and Web research skills into the instruction of document processing making it an ideal resource for a third semester document processing course. Related learning and success tips for working effectively are included to improve workplace efficiency and professional development. The project based applications provide comprehensive coverage of Microsoft Word competencies but assume the user already knows the basic functions of the Office Suite. This particular conference theme Creating Capacity and Capability Embracing Advanced Technologies and Innovations for Sustainable Future in Building Education and Practice is closely related to a flagship national research programme funded by the Government of New Zealand known as the CanConstructNZ research programme aiming to balance the capacity and capability in the construction industry and the national pipeline of construction projects. The capacity and capability of our construction industry in fulfilling the construction needs of the whole nation are reflected in the national pipeline of construction projects and have long been recognised as one of the main challenges facing the construction sector. The practices and education of building and construction play an important role in determining the capacity and capability of the construction industry. Within the context of achieving sustainable future and embracing advanced technologies to create capacity and capability in the construction sector various concepts research and innovative development have emerged and taken place. This particular conference theme has facilitated more in depth discourses and discussions on the latest ideas and innovation within the building and construction education and practice not only from the Australasian region but also from the wider international community.
