Green,2017-10 Instagram has undergone a complete metamorphosis from the iOs app it was originally designed for to a huge social media site with tons of benefits both for private individuals and businesses Over the years the platform has shown no sign of losing its growth not with the backing of the mighty Facebook That should reassure you that its growth in recent years is not a fluke but will continue for years to come Page 4 of cover On Display John D. Boy,Justus Uitermark,2023-12-14 Two billion people around the world use Instagram but so far social scientists have done little research on the platform Despite Instagram s reputation for shallowness the ongoing self presentation it demands confronts users with profound dilemmas Who are we What do we want to show of ourselves What do we aspire to be On Display is a book about how people remake their worlds through social media John D Boy and Justus Uitermark provide an encompassing account of

how a platform that is unfailingly polished and ruthlessly judgmental shapes us and our environments They examine how personalities relations social movements urban subcultures and city streets change as they are represented on Instagram Interviews and ethnographic vignettes render an intimate account of the desires and anxieties that animate the platform Just as importantly Boy and Uitermark reveal how Instagram is implicated in social inequalities While previous accounts have argued that social media promote polarization On Display shows that this is not the case for Instagram where users belong to large and diverse networks compelling them to take many often contradictory expectations into account This means users shy away from producing statements or images that may cause offense as a way to preserve their public image and their social connections Drawing on sociological theory long term qualitative inquiry in Amsterdam and computational analyses Boy and Uitermark argue that grasping the power of Instagram and other social media platforms requires seeing them not as digital networks of communication and sharing but as a stage for the expression and affirmation of social status No Filter Sarah Frier, 2020-06-25 Die preisgekrönte Reporterin Sarah Frier enthüllt in ihrem Blick hinter die Kulissen wie Instagram zu einer der kulturell prägendsten Apps des Jahrzehnts wurde Gegründet im Jahr 2010 zog Instagram zunächst vor allem Kunsthandwerker an bevor die Plattform den Durchbruch in den Massenmarkt schaffte und eine heute milliarden schwere Industrie schuf die Influencer 18 Monate nach dem Start trafen die Gründer die Entscheidung das Unternehmen an Facebook zu verkaufen Für die meisten Unternehmen war das das Ende der Geschichte aber für Instagram war es erst der Anfang Sarah Frier erzählt die fesselnde Geschichte wie Instagram nicht nur eine neue Branche geschaffen sondern auch unser Leben verändert hat und sie tut dies virtuos auf Basis eines in diesem Maße noch nie gewohnten Zugangs zu den verschiedenen Protagonisten Instagram J.
