security and peace of mind      *The International Political Economy of Investment Bubbles* Paul Sheeran, 2017-11-28  
 Providing a historical appraisal of bubble investments and blending theory with field observations this insightful work will benefit academics researchers and professionals observing the nexus of relationships between speculation states and markets The book presents an analysis of the development and decline of investment bubbles and helps develop the models that inform the risk assessment of bubble behaviour By identifying particular trends and consequences the book presents insight into the operation of speculative activity and its social economic and political repercussions      *Concentrated Investing* Allen C. Benello, Michael van Biema, Tobias E. Carlisle, 2016-04-01 Discover the secrets of the world's top concentrated value investors Concentrated Investing Strategies of the World's Greatest Concentrated Value Investors chronicles the virtually unknown but wildly successful value investors who have regularly and spectacularly blown away the results of even the world's top fund managers Sharing the insights of these top value investors expert authors Allen Benello Michael van Biema and Tobias Carlisle unveil the strategies that make concentrated value investing incredibly profitable while at the same time showing how to mitigate risk over time Highlighting the history and approaches of four top value investors the authors tell the fascinating story of the investors who dare to tread where few others have and the wildly successful track records that have resulted Turning the notion of diversification on its head concentrated value investors pick a small group of undervalued stocks and hold onto them through even the lean years The approach has been championed by Warren Buffett the best known value investor of our time but a small group of lesser known investors has also used this approach to achieve outstanding returns Discover the success of Lou Simpson a former GEICO investment manager and eventual successor to Warren Buffett at Berkshire Hathaway Read about Kristian Siem described as Norway's Warren Buffett and the success he has had at Siem Industries Concentrated Investing will quickly have you rethinking the conventional wisdom related to diversification and learning from the top concentrated value investors the world has never heard of

**Investment Psychology Explained** Martin J. Pring, 1993 One of today's bestselling investment authors shows investors how to beat the markets by thinking independently controlling emotions and knowing when to go contrarian Pring shows that investors need to be less impulsive and more analytical by using classic investment philosophy psychology and strategy 30 charts      *Technical Analysis Explained, Fifth Edition: The Successful Investor's Guide to Spotting Investment Trends and Turning Points* Martin J. Pring, 2014-01-13 The guide technicians turn to for answers tuned up to provide an advantage in today's global economy The face of investing has significantly changed in the 30 years since this book's first publication but one essential component of the markets has not human behavior Whether you're trading cornerstone commodities or innovative investment products observing how investors responded to past events through technical analysis is your key to forecasting when to buy and sell in the future This fully updated fifth edition shows you how to maximize your profits in today's complex markets by tailoring your application of this powerful tool Tens of thousands of individual and professional

investors have used the guidance in this book to grow their wealth by understanding interpreting and forecasting significant moves in both individual stocks and entire markets This new edition streamlines its time honored profit driven approach while updating every chapter with new examples tables charts and comments that reflect the real world situations you encounter in everyday trading Required reading among many professionals this authoritative resource now features Brand new chapters that analyze and explain secular trends with unique technical indicators that measure investor confidence as well as an introduction to Pring s new Special K indicator Expanded coverage on the profit making opportunities ETFs create in international markets sectors and commodities Practical advice for avoiding false contratrend signals that may arise in short term time spans Additional material on price patterns candlestick charts relative strength momentum sentiment indicators and global stock markets Properly reading and balancing the variety of indicators used in technical analysis is an art and no other book better illustrates the repeatable steps you need to take to master it When used with patience and discipline Technical Analysis Explained Fifth Edition will make you a better decision maker and increase your chances of greater profits

High-return, Low-risk Investment Thomas J. Herzfeld, Robert F. Drach (author), 1993 Right from Chapter 1 you ll see that High Return Low Risk Investment is no ordinary stock market investment guide The reader is going to experience a journey into the stock market guided by two internationally recognized professionals who have demonstrated their capacity for attaining consistent profitability where most others fail Over the past 16 years through boom times and the infamous crash of 1987 Thomas J Herzfeld and Robert F Drach have enjoyed exceptionally consistent success Now you can learn the techniques behind the authors success and follow their guidance in specific stock selection and market timing First Herzfeld and Drach dissect how the market works and how its participants behave so that you can take full advantage of your fellow investors weaknesses In their words We are entering into a predator prey relationship The stock market is not a team sport Next they show you how to recognize and seize areas of opportunity At the heart of High Return Low Risk Investment are the authors specific methods of risk reduction based on combining stock selection with market timing Herzfeld and Drach also show how to construct a master list of stocks to be used during buy and sell indications What s more readers of this book can receive updated master lists from the authors FREE for the asking making it possible for your investment in High Return Low Risk Investment to repay itself many times over If you re a new or risk adverse investor you ll appreciate this book s emphasis on low risk More experienced investors will relish the authors blunt criticisms of well known investment theories and systems including hedging indexing random walk theories pyramiding beta factor calculations historical repetition dollar cost averaging and others Those considering nonstock investments will find incisive coverage of options bonds and closed end funds And all readers will enjoy Herzfeld and Drach s inside tips on dealing with brokers In short High Return Low Risk Investment delivers a total strategy hard nosed realistic with a documented winning record that will help you decode the signals and conquer the stock market
