Transmission Nicolás Salazar Sutil, 2018-05-17 Arguing for a paleocybernetic approach to current media studies debates Nicolás Salazar Sutil develops an original framework for a new media ecology that embraces the primitive the prehistoric and the brute Paying serious attention to materials used for cultural mediation that are unprocessed unexplained and raw such as bones and limestones Salazar Sutil posits that advanced industrialisation of new media technology has prompted countercultural movements that call for radical new ways of transmitting culture for instance through an experiential and high tech appreciation of prehistoric landscape heritage The future calls for a Palaeolithic awareness of living landscape as medium for the embodied transmission of cultural imaginaries and memories The more media technology spurs mass forms of instantaneous media communication the greater the need for primitive knowledge of earthling body and earthly landscape our prime media for sustainable cultural transmission **Aristotle's ›Parva naturalia‹** Ronald Polansky, 2024-05-20

Aristotle's *Parva naturalia* continues the investigation begun in the *De anima* The *De anima* defines the soul and treats its main powers nutrition sense perception intellection and locomotion The *Parva naturalia* On sense and sensible objects On memory and recollection On sleep On dreams On divination in sleep On motion of animals *De motu animalium* On length and shortness of life and On youth and old age and respiration attends more to bodily involvement with soul While each work offers fascinating and challenging insights there has never been as extensive a commentary covering them together A reason is that the works have often been viewed as incidental and even inconsistent The *De motu animalium* has not typically been included when viewed as an isolated work on animal locomotion This commentary argues that the treatises considered together and with the *De motu* among them display a tight sequence manifesting an artful yet easily overlooked design We reveal many techniques of Aristotle's writing that have received little consideration previously Our commentary contributes to a unified and comprehensive account of Aristotle's overall project regarding the soul and its connections with the body
