

Media Guidelines For Toddlers (Ages 1-4)

Media is everywhere. Here's how to integrate technology into your toddler's life in a healthy way.

How should my toddler be using digital media?

- A.** Babies and young children do not truly understand what they are seeing on a screen, therefore the experience cannot enhance knowledge.
- B.** Limit exposure. Children under **18 months** should not have access to technology; after **18 months** 1 hour per day of high quality programming is ideal. Handheld devices not recommended. No electronics at night.
- C.** **Lead by example:** parents should try to limit tablet/electronic use around young children.
- D.** Parents should not let young children use media alone. Encourage conversation, interactive play, and traditional toys and games.
- E.** Leave tablets at home as much as possible. Alternatively, only use on specified outings, such as going out to dinner, etc.
- F.** Toddlers will be upset when asked to stop using technology- give time warnings to help with the transition when time is up.

artist's mural of George Floyd becomes an emblem of a renewed movement for racial equality. A documentary film injects fuel into a popular mobilization to oust a Central American dictator. Freedom songs course through the American civil rights movement. When artists and organizers combine forces, new forms of political mobilization follow which shape lasting social change. And yet few people appreciate how much deliberate strategy often propels this vital social change work. Behind the scenes, artists, organizers, political activists, and philanthropists have worked together to hone powerful strategies for achieving the world we want and the world we need. In *Art Works*, noted movement leader Ken Grossinger chronicles these efforts for the first time, distilling lessons and insights from grassroots leaders and luminaries such as Ai Weiwei, Courtland Cox, Jackson Browne, Shepard Fairey, Jane Fonda, Elizabeth Alexander, Bill McKibben, JR, Jose Antonio Vargas, and more. Drawing from historical and present-day examples including Black Lives Matter, Standing Rock, the Hip Hop Caucus, the Legacy Museum, and the Art for Justice Fund, Grossinger offers a rich tapestry of tactics and successes that speak directly to the challenges and needs of today's activists and of these political times.

Rituals of Mediation François Debrix, Cynthia Weber, 2003 A timely consideration of the meaning of transnational cultural interactions today. In an era of increasing globalization, the cultural and the international have borders as permeable as most nations, and an understanding of one requires making sense of the other. Foregrounding the role of mediation, understood here as a site of representation, transformation, and pluralization, the authors engage two specific questions: How might we make theoretical and practical sense of transnational cultural interactions? And how are we to understand the ways in which the sites of mediation represent, transform, and remediate internationals? Accordingly, the authors consider international issues like security, development, political activism, and the war against terrorism through the lens of cultural practices such as traveling through airports, exhibiting art, and photography, logging on to the Internet, and spinning news stories.
