From Babysitter to Business Owner Patricia Dischler, 2014-12-02 Family childcare homes provide care for hundreds of thousands of children every day. *From Babysitter to Business Owner* offers tried and true strategies for implementing established professional business practices in the home daycare environment including: Developing a thorough parent handbook; Selecting new clients; Setting business goals; Selecting an appropriate curriculum; Creating work spaces in your home; Practical and easy to read. *From Babysitter to Business Owner* has everything home daycare providers need to make their business succeed. Patricia Dischler has operated Patty Cake Preschool in Prairie du Sac, Wisconsin for over 15 years. Business Economics Childcare October A Paperback Original 7 x 9 224 pp TP 17 95 10 digit ISBN 1 929610 68 8 USA 13 digit ISBN 9781929610686 Author: Hometown Prairie du Sac WI. Weaving the Literacy Web: Creating Curriculum Based on Books Children Love. Hope Vestergaard. From Goodnight Moon to The Very Hungry Caterpillar books capture the attention and imagination of young children the way few other things can. Weaving the Literacy Web provides a framework for developing engaging developmentally appropriate curriculum in the preschool classroom through the use of books children love. Six chapters offer an introduction to book based webbing and ideas for activity planning as well as helpful tips for observing children's interests and evaluating books for the classroom library.

The Routledge International Handbook

of Children, Adolescents and Media Dafna Lemish, 2013-07-18 The roles that media play in the lives of children and adolescents as well as their potential implications for their cognitive, emotional, social and behavioral development have attracted growing research attention in a variety of disciplines. *The Routledge International Handbook of Children, Adolescents and Media* analyses a broad range of complementary areas of study including children as media consumers, children as active participants in media making and representations of children in the media. The handbook presents a collection that spans a variety of disciplines including developmental psychology, media studies, public health education, feminist studies and the sociology of childhood. Essays provide a unique intellectual mapping of current knowledge exploring the relationship of children and media in local, national and global contexts. Divided into five parts, each with an introduction explaining the themes and topics covered, the handbook features 57 new contributions from 71 leading academics from 38 countries. Chapters consider vital questions by analyzing texts, audience and institutions, including the role of policy and parenting in regulating media for children; the relationships between children's on-line and off-line social networks; children's strategies of resistance to persuasive messages in advertising media and the construction of gender and ethnic identities. The Handbook's interdisciplinary approach and comprehensive international scope make it an authoritative state-of-the-art guide to the nascent field of Children's Media Studies. It will be indispensable for media scholars and professionals, policy makers, educators and parents.
