What's Wrong With Management and How to Get It Right Tony Manning, 2015-08-05 In today's rapidly changing and increasingly complex world companies everywhere struggle to meet new challenges and continue to underperform and despite churning out a constant stream of theories and tools the management ideas industry has made little progress in advancing management thought In his latest book top strategy consultant Tony Manning brings managers the insights and advice they need for the coming decades of turbulence and hyper competition Drawing lessons from 100 years of management history plus his own extensive research and experience he shows how management's frenetic quest for silver bullets has led to confusion and complexity rather than clarity and simplicity And he identifies eight critical strategy practices that apply to every company everywhere and explains how to use them This fascinating and practical guide is a must read for anyone interested in improving business results

Handbook of Research on Strategy and Foresight Laura Anna Costanzo, Robert Bradley MacKay, 2009 This important Handbook explores and evaluates dynamic environments and the appropriate strategic responses to them in the 21st century Drawing together a collection of 29 original chapters the Handbook makes an invaluable contribution to theory and practice by stimulating disciplined rigorous and imaginative enquiry into the relationship between strategy and foresight Leading scholars in the field of strategic management are brought together to offer innovative and multi disciplinary perspectives on the past present and future of strategy formation and foresight In so doing they challenge research in four key areas strategy and foresight processes strategy innovation for the future understanding the future and strategically responding to the future The Handbook of Research on Strategy and Foresight is a comprehensive resource that will be invaluable for academics

students and practitioners interested in this important phenomenon Since the strategic defense initiative was announced in March 1983 our views concerning the use of outer space have been dominated by arguments about the narrowly military requirements of the superpowers Professor Brown argues that this has resulted in a damaging distortion of our appreciation of the true strategic importance of the area around our planet
