The Untamed Witch

Lidia Pradas, 2022-10-18 Personalized magick is the most powerful magick. The Untamed Witch empowers you to use your own instincts, intuition, and personal environment in your witchcraft. Witchcraft is not one defined, arbitrary path. Rather, it is a diversity of practices that you can curate and align with, based on your lifestyle and unique gifts. Moreover, those practices are not meant to be done the same way by every witch. Someone else's love spell is how they conjure love. Why use lavender in a ritual if it isn't native to your surroundings or you simply don't like it? This guide gives you the insight and tools to undomesticate your craft from formulaic to inspired practice. The Untamed Witch also outlines tools and practices to access the subconscious, how to work with the life-death-rebirth cycle, how to use elemental and land witchcraft, ancestry work, and communicating with spirit guides and entities. With this book at your side, learn to use your instincts to rewild your magick.

The witch as a cultural archetype has existed in some form since the beginning of recorded history. Her nature has changed through technological developments and sociocultural shifts, a transformation most evident in her depictions on screen. This book traces the figure of the witch through American screen history with an analysis of the entertainment industry's shifting boundaries concerning expressions of femininity. Focusing on films and television series from *The Wizard of Oz* to *The Craft*, the author looks at how the witch reflects alterations of gender roles, religion, the modern practice of witchcraft and female agency.
