reading of the Victorian prudery referred to in the book's title. Supplementing each of the excerpts with extensive commentary he places the advice manuals in the larger setting of gender and class issues. Publisher's description **The Keys of Middle-earth** S. Lee, Elizabeth Solopova, 2005-12-16 The Keys of Middle Earth uniquely introduces the reader to the world of Medieval Literature through the fiction of J R R Tolkien. No Pasaran is an anthology of antifascist writing that takes up the fight against white supremacy and the far right from multiple angles. Wagner, 2020-10-15 The Victorian Baby in Print. Infancy, Infant Care and Nineteenth Century Popular Culture explores the representation of babyhood in Victorian Britain. The first study to focus exclusively on the baby in nineteenth century literature and culture this critical analysis discusses the changing roles of an iconic figure. A close look at the wide ranging portrayal of infants and infant care not only reveals how divergent and often contradictory Victorian attitudes to infancy really were but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us. Drawing on a variety of texts including novels by Charles Dickens Wilkie Collins Mary Elizabeth Braddon Mrs Henry Wood and Charlotte Yonge as well as parenting magazines of the time childrearing manuals and advertisements this study analyses how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself. The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies and a critical reconsideration might also prompt a self critical reconsideration of the still burgeoning market for infant care advice today.
