**Alien Virus Love Disaster** Abbey Mei Otis, 2018-08-14 Philip K Dick Award finalist Washington Post Best Science Fiction and Fantasy of 2018 Abbey Mei Otis's short stories are contemporary fiction at its strongest taking apart the supposed equality that is clearly just not there putting humans under an alien microscope putting humans under government control putting kids from the moon into a small beach town and then the putting the rest of the town under the microscope as they react in ways we hope they would and then of course in ways we'd hope they don't. Otis has long been fascinated in using strange situations to explore dynamics of power, oppression and grief and the twelve stories collected here are at once a striking indictment of the present and a powerful warning about the future. After I read this book I woke up with bumpy reddish growths along my spine. They burst releasing marvels aliens robots prefab houses vinyl chainlink styrofoam star stuff tales from the edge of eviction so many new worlds. Alien Virus Love Disaster is a super intelligent infection. Let Abbey Mei Otis give you some lumps.
