Commentario Al Codice Civile Commentario Al Codice Civile:

The Principles of European Contract Law Ole Lando, 2023-09-29 An arbitrator has to decide a case under a contract to be governed by internationally accepted principles of law A business person is negotiating a contract with a company in another EU state but neither party wishes to apply the law of the other party's country A lawyer is advising parties to contracts involving parties in other States An EU official is drafting a new Directive affecting contracts A professor of law wants her students to gain a solid understanding of the way in which contracts are treated by the laws of the different Member States and to understand the common principles All these need to know the fundamental principles of contract law shared by the legal systems of the Member States and to have a concise comprehensive and workable statement of them The Principles of European Contract Law provides this The Principles have been drawn up by an independent body of experts from each Member State of the EU under a project supported by the European Commission and many other organisations The Principles are stated in the form of articles with a detailed commentary explaining the purpose and operation of each article and its relation to the remainder A particularly valuable feature is that each article also has extensive comparative notes surveying the national laws and other international provisions on the topic The Principles of European Contract Law Parts I II covers the core rules of contract formation authority of agents validity interpretation contents performance non performance and remedies The articles previously published in Part I 1995 are included in a revised and re ordered form *Legislazione civile italiana Commentarii al codice civile ed dementi dei medesimi dell'Avvocato Paolo Marchi* Paolo Marchi, 1873

The Foundations of Restitution for Wrongs Francesco Giglio, 2007-03-06 Restitution for wrongs or restitutionary damages is the judicial award which compels the wrongdoer to give up to the victim the benefit obtained through the perpetration of the wrong independently of any loss suffered by the victim The establishment of a civil trial in Roman law which left compensation as the main response and a widespread loss centred interpretation of the Aristotelian theory of corrective justice explain but do not justify the difficulties encountered by modern attempts to account for restitutionary damages Mistakes in the classification of this institution have complicated the picture To overcome some of these problems this study considers the basic structure of restitutionary damages from different angles In part one the topic is analysed from a comparative perspective Although the focus remains on English law the German the Italian and the Roman jurisdictions provide research data which in part two support the development of a theory of restitution for wrongs as corrective justice

Contract Law in Italy Pier Giuseppe Monateri, Filippo Andrea Chiaves, Mauro Balestrieri, 2021-01-22 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of the law of contracts in Italy covers every aspect of the subject definition and classification of contracts contractual liability relation to the law of property good faith burden of proof defects penalty clauses arbitration clauses remedies in case of non performance damages power of attorney and much more Lawyers who handle transnational contracts will appreciate the explanation of fundamental

differences in terminology application and procedure from one legal system to another as well as the international aspects of contract law Throughout the book the treatment emphasizes drafting considerations An introduction in which contracts are defined and contrasted to torts quasi contracts and property is followed by a discussion of the concepts of consideration or cause and other underlying principles of the formation of contract Subsequent chapters cover the doctrines of relative effect termination of contract and remedies for non performance The second part of the book recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it describes the nature of agency sale lease building contracts and other types of contract Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for business and legal professionals alike Lawyers representing parties with interests in Italy will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative contract law

Information Sources in Law J.R. Winterton, Elizabeth M. Moys, 2012-06-21 The aim of each volume of this series Guides to Information Sources is to reduce the time which needs to be spent on patient searching and to recommend the best starting point and sources most likely to yield the desired information The criteria for selection provide a way into a subject to those new to the field and assists in identifying major new or possibly unexplored sources to those who already have some acquaintance with it The series attempts to achieve evaluation through a careful selection of sources and through the comments provided on those sources
