**\*\*Short text** selections would include short texts of sufficient complexity for close reading that would allow students to draw ample evidence from the texts and present their analyses in writing as well as through speaking.

**Literature includes** adventure stories, historical fiction, mysteries, myths, science fiction, realistic fiction, allegories, parodies, satire, drama, graphic novels, one-act and multi-act plays, narrative poems, lyrical poems, free-verse poems, sonnets, odes, ballads, and epics (Common Core State Standards, page 57).

**Informational texts/literary nonfiction include** the subgenres of exposition, argument and functional text in the form of personal essays; speeches; opinion pieces; essays about art or literature; biographies; memoirs; journalism; and historical, scientific, technical or economic accounts (including digital sources) written for a broad audience (Common Core State Standards, page 57).

**One extended text:** This should be an extended, full-length work of literature (such as a novel or a play) or longer literary nonfiction, depending on the focus of the module. Working effectively with the standards requires the critical understanding that the teacher, not the standard or the program, is the most important variable affecting adolescents' achievement. Gretchen Owocki's *The Common Core Reading Book 6-8* makes the reading goals of the standards doable for teachers in every content area. It also keeps the focus on instruction that is meaningful to adolescents and that supports deep engagement with literacy and your subject area content. I wanted to honor the intent of the standards, writes author Gretchen Owocki, and at the same time respect the fact that students are eleven, twelve, and thirteen years old only once in their lives. Gretchen has matched sensible step-by-step teaching strategies to the 10 reading anchor standards, giving you instructional choices that you can match to your students' needs, your goals for their development as readers, and your content area's key texts. Whether you are a skilled teacher of reading or new to it, Gretchen pays special attention to the needs of literacy teachers and subject area teachers alike, with tools you'll use every day, a precise description of what each standard asks from adolescents, instructional decision trees that simplify lesson planning, clearly presented instructional strategies that release responsibility to students, students' suggestions for tailoring support to meet kids' individual needs, and for close reading, citing textual evidence, evaluating arguments, analyzing visual media, or anything the Common Core reading standards ask for, rely on *The Common Core Reading Book 6-8*. You'll find a framework sturdy enough to teach with, flexible enough to plan from, and so respectful of you and your students that it will soon become core to your teaching.
