Dubhashi,2007 The book is a rich treasure of administrative experience relating to a whole range of development programmes taken up in the early years of post independent India The successive chapters of the book dealing with different assignments are administrative case studies which are as interesting as they are instructive Successful implementation of development programmes has many dimensions programme planning organization building coordination between different agencies human resource development etc But even more important than these technical aspects are the character of administration and attitudes which the civil servants bring to bear on their work Is administration people oriented Do the civil servants have a sense of dedication and idealism If these were missing the goals of good governance would remain elusive The book hopefully may provide the needed corrective to governance All those who are interested in better administrative performance would find the book valuable **Common Mistakes** Abhishek Dular,2015 This book is about the common mistakes committed by aspirants of UPSC Civil Services Examination of India Written by a civil servant it will help you to increase your chances of success at the exam considerably by improving your score The book talks about what it takes to excel before the examination and during the examination Why the purpose of getting into civil services is important to know What are the different natural levels of exam preparation What one need to know before taking the big step Why the exam is about scoring marks and doing well and not just about gaining knowledge Why studying alone is not important How to do well in the exam How to write answers How to present them How to utilize the limited hours of examination Through this attempt author tries to build a community where aspirants are confident and asset to their family and society To make the struggle of Civil Services Aspirants focused and fruitful To build and cultivate the future leaders of India To inspire and guide to serve To develop the capacity to think outside the box and the book The only difference between an aspirant having extraordinary chance to succeed and one with no chance is practice It is only through practice that one identifies his mistakes while taking the examination That s why the focus of this book is to make aspirants realize that studying and knowledge is only a necessary
