Module 2 Lesson 1: Finding Common Ground

Topic: Argumentative Essay

**Argumentative Essay** - not only gives information but also presents an argument with the PROS (supporting ideas) and CONS (opposing ideas) of an argumentative issue. In writing this, you should clearly take a stand and write as if you are trying to persuade an opposing audience to adopt new beliefs or behavior. The primary objective is to persuade people to change beliefs that many of them do not want to change.

### Characteristics of an Argumentative Essay:

An argumentative essay attempts to be highly persuasive and logical. It usually assumes that the readers disagree with the writer, but it should be noted that the readers are no less intelligent than the writer. Hence, an argumentative essay should be written objectively and logically.

An argumentative essay has the following characteristics:

- 1.presents and explains the issue or case
- 2.give reasons and supports these reasons to prove its point
- 3.refutes (proves wrong) opposing arguments.

### Parts of an Argumentative Essay:

- 1.**Introduction** - This part introduces the problem and gives background information needed for the argument and thesis statement.
- 2.**Body** - This part contains the reasons. Each paragraph talks about one reason. The reason is included in the topic sentence and is supported by details or materials. These supporting materials can be examples, statistics, personal experiences or quotations.
- 3.**Conclusion** - This is the last part of the essay that restates the main claim and gives one or two general statements which exactly summarizes the arguments and support the main premise.
