## **Career Success Strategies For Nurse Educators:**

**Career Success Strategies for Nurse Educators** Joyce J. Fitzpatrick, Kristen S. Montgomery, 2006 With each passing year more and more nursing educators retire and larger numbers of retirees are expected in the coming years. Using their own experience and the knowledge gained from their work our authors have written this unique and timely book that strives to fill the needs of new and forthcoming nursing faculty. **Career Success Strategies for Nurse Educators** is an essential book for graduate students, advanced practice nurses and new graduates seeking faculty positions as they embrace a new role as nursing educator

**Creative Teaching Strategies for the Nurse Educator** Judith W. Herrman, 2008 AJN Book of the Year 2008 Step in front of your desk and actively engage your students in learning with the techniques you'll find in this handy quick reference. Here are practical, relevant and easy to implement teaching strategies that will help you to be more creative in the classroom. The author offers techniques gathered over many years from the nursing education literature and from her own experience. Perfect as a stand alone handbook or an accompaniment to any text

**Pathways to a Nursing Education Career** Judith A. Halstead, Betsy Frank, 2010-11-24 Print CourseSmart *Fast Facts for Career Success in Nursing* Connie Vance, 2010-11-19

This is a very practical and easy to read book that could be very useful for nurses starting out in their careers. As the foreword states it could be a resource for formal mentoring programs, residency programs and nursing educational programs. The information and advice in this book may also keep new nurses from leaving the field if they are able to develop successful mentoring relationships. It is a bargain at 25.00 Choice. For those looking for a mentor this book provides invaluable advice on what attracts mentors and makes them believe in you and be willing to support your development.

This book is an excellent resource for mentors and protégés. Nurse Educator Dr. Vance's pioneering work on mentorship has provided us with the language, understanding and strategies for building these essential professional support relationships. This book extends her work in practical and useful ways that will help us build the new generation of excellent clinical experts, advocates and nurse leaders. From the Foreword by Diana J. Mason, PhD, RN, FAAN, Editor in Chief Emeritus, The American Journal of Nursing. This newest addition to the Fast Facts series provides insight for protégés and mentors on using mentoring to build new generations of successful nurses. It covers a quick history of why mentoring is important, how a protégé can identify and mentor, and how to develop and maintain a healthy mentor-protégé relationship. It also contains the necessary tools to help novice nurses benefit from mentor support through difficult and sometimes frightening and confusing times. Written by Connie Vance, an innovator in nursing mentorship research, this book presents new nurses with tools to identify the perfect mentor match and cultivate the mentor relationship in ways that result in valuable career building insight. It includes guidelines to ensure a truly valuable and influential mentor relationship, contributing to career success in nursing. Key Features: Contains guidelines for creating a personal mentor action plan, complete with a chart for use in mentoring practice. Provides 10 tips on raising mentor intelligence and how to use it as a source for career success. Highlights resources
