Caregiving in Alzheimer's and Other Dementias Eric Pfeiffer, 2014-04-28 Practical Easy to read Comprehensive Encouraging Accurate All of these words describe this indispensable book that belongs in the hands of all family members and other caretakers of people who have been diagnosed with Alzheimer's disease or other dementias Dr Eric Pfeiffer a physician who has devoted thirty years to patients suffering from all forms of dementia here distills the wisdom of those years for the benefit of caregivers confronting some of life's most challenging days Dr Pfeiffer's genuine compassion and wise advice are certain not only to reduce caregiver stress but also to improve the patient's quality of life In these pages are specific tips for all stages of caregiving from the initial realization of the problem through mild moderate and severe stages of dementia and even beyond when a caregiver begins to resume a full life after the patient's death Dr Pfeiffer identifies specific problems and provides practical solutions He explains the importance of support groups and many other means of dealing with stressful days For experienced caregivers and those new to the challenges this book will be a profoundly useful guide to coping successfully

Supporting the Caregiver in Dementia Sheila M. Lobo Prabhu, Victor A. Molinari, James W. Lomax, 2006-06-19 Dementia is one of the greatest challenges facing seniors and their caregivers around the globe Developed by experts in both research and practice this guide for mental health clinicians explores the experience of caregiving in dementia discussing the latest research developments and sharing clinical pearls of wisdom that can easily be translated to daily practice The contributors explore the history of caregiving and then examine the current demographics of caregivers for persons with dementia They discuss who provides care the settings in which it is delivered and the rewards and burdens of caregiving They place special emphasis on understanding the psychological needs of both the person with dementia and the caregiver as well as interpersonal bonds spiritual dimensions and reactions to grief and loss Using a

multidisciplinary approach to treatment for caregivers this book addresses the role of pharmacotherapy individual and family interventions and social supports Finally the authors reflect on societal issues such as health care policies ethnic elders and ethics This volume offers health professionals insights into the daily lives of caregivers along with tools to provide their patients with the support they need

My Parent's Keeper Jody Gastfriend,2018-01-01 A guide to caring for aging and ailing family members which offers expert advice illuminating vignettes and a compassionate approach to building constructive mutually gratifying relationships

Ebony ,2003-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

Psychiatric Services ,2006-07

The Dementia Caregiver Marc E. Agronin,2015-10-22 Becoming a caregiver for someone with Alzheimer s disease or another neurocognitive disorder can be an unexpected undesirable underappreciated and yet noble role It is heartbreaking to watch someone lose the very cognitive capacities that once helped to define them as a person But because of the nature of these disorders the only way to become an effective caregiver and cope with the role s many daily challenges is to become well informed about the disease With the right information resources and tips on caregiving and working with professionals you can become your own expert at both caring for your charge and taking care of yourself In these pages Marc Agronin guides readers through a better understanding of the changes their loved one may be going through and helps them tap into the various resources available to them as they embark on an uncertain caregiving journey Insisting that a caregiver also maintain his or her own health and well being Agronin guides caregivers in their efforts to provide care but to also look to themselves as recipients of care from themselves and others Shedding light on the debilitating disorders themselves as well as their everyday realities this book is a much needed resource for anyone caring for another person suffering from Alzheimer s disease and other neurocognitive disorders
