**Carried Safely Home** Kristin Swick Wong,2005 Explore the spiritual riches of adoption as you read of story of the Wong family woven together with biblical reflection    [Growing God's Family](#) Samuel L. Perry,2017-06-13 Illustrates the hidden challenges embedded within the evangelical adoption movement For over a decade prominent leaders and organizations among American Evangelicals have spent a substantial amount of time and money in an effort to address what they believe to be the Orphan Crisis of the United States Yet despite an expansive commitment of resources there is no reliable evidence that these efforts have been successful Adoptions are declining across the board and both foster parenting and foster adoptions remain steady Why have evangelical mobilization efforts been so ineffective To answer this question Samuel L Perry draws on interviews with over 220 movement leaders and grassroots families as well as national data on adoption and fostering to show that the problem goes beyond orphan care Perry argues that evangelical social engagement is fundamentally self limiting and difficult to sustain because their subcultural commitments lock them into an approach that does not work on a practical level **Growing God's Family** ultimately reveals this peculiar irony within American evangelicalism by exposing how certain aspects of the evangelical subculture may stimulate activism to address social problems even while these same subcultural characteristics undermine their own strategic effectiveness It provides the most recent analysis of dominant elements within the evangelical subculture and how that subculture shapes the engagement strategies of evangelicals as a group    **The Adoption Decision** Laura Christianson,2007 In North America more and more families are adding members through adoption And there are more ways to adopt and kinds of adoption than ever This quick start resource will help prospective parents consider key emotional and spiritual issues up front before they plunge into the near overwhelming mass of details and start to run into roadblocks even dead ends Laura Christianson an adoption educator and mentor and an adoptive mom herself brings her experience and knowledge to address unspoken but crucial questions about loving an adopted child extended family's reaction expenses openness in adoption the role of birth parents physical disabilities emotional behavioral challenges racial and cultural prejudices Recounting real life miracles and mishaps of adoptive families the author will help prospective parents and their friends and family members think through adoption's challenges and joys and confidently move forward from a firm emotional and spiritual footing    *Books That Change Lives* CLC Publications,2014-08-19 Books That Change Lives is a compilation of essential books recommended by Christian retail book experts This guide is a useful tool for beginners just coming to the faith veteran Christians searching for growth and guidance and church leaders seeking to study the Christian faith and recommend quality Christian books to others
