Thomas Register Catalog File ,2002 Vols for 1970 71 includes manufacturers catalogs Equipment Inventories for Owners
and Facility Managers R. A. Keady,2013-03-25 How to use industry standards to create complete consistent and accurate
equipment inventories The National Institute of Science and Technology estimates that the loss of information between the
construction of buildings and their operation and maintenance costs facility owners 15 8 billion every year This phenomenal
loss is caused by inconsistent standards for capturing information about facilities and their equipment In Equipment
Inventories for Owners and Facility Managers Robert Keady draws on his twenty years of experience in facility management
and his intimate knowledge of CSI classification systems and standards to tackle this problem head on Using standards
already in use in the AEC industry he provides the road map for capturing everything owners and facility managers need to
know to operate and maintain any facility This comprehensive step by step guide Explains the different types of equipment
inventories and why they are important Identifies and describes the types of information that should be captured in an
equipment inventory Describes and compares the different industry standards CSI OmniClass and UniFormat COBie and SPie
that can be used for equipment inventories Provides best practices for identifying and tagging equipment Walks through the
equipment inventory process with real world examples and best practices Provides the tools for conducting the equipment
inventory tables of all the possible information and data that need to be collected and fifty maps of workflows that can be
used to capture that data immediately Moody's International Manual ,1998 Thomas' Register of American
