Effective Strategies for Improving Reading Skills

1 FINDING THE MAIN IDEA

Every paragraph and every piece of writing has a main idea.

This main idea is often expressed in the first sentence of the paragraph, or the first paragraph in a longer piece of writing.

Sometimes the main idea is found in the last sentence, but sometimes it's not expressed directly and can only be found by thinking about what shows all the ideas in the piece or paragraph together.

2 RECALLING FACTS & DETAILS

Facts and details help explain the main idea.

Often, they express the who, what, when, where, why and how of a piece of writing, adding detail and drawing out the ideas in a piece more fully.

They often help describe a person, place or thing, expand on writing and place, or give you a better idea of how to do something.

3 UNDERSTANDING SEQUENCE

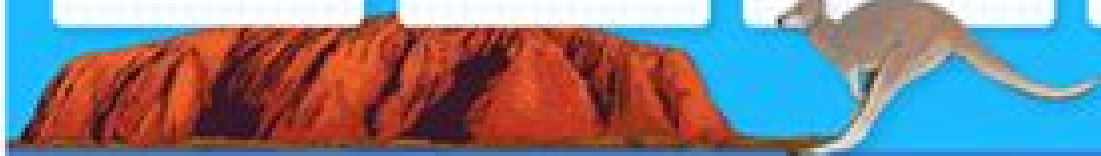

Sequence relates to the order in which things happen in a piece.

Many stories are told directly in the order in which things happen, but sometimes this order is flipped or rearranged. Words like next, first, second, then, last, finally, before and after can give hints as to the way a story is working in terms of sequence.

4 RECOGNISING CAUSE & EFFECT

The cause is why something happens, and the effect is what happens.

They are not always stated in that order and often the reader will have to determine just what happened and why it did so. Sometimes this relationship is indicated with clue words such as since, because, therefore, reason, as a result of, if, then and as a consequence.
