A human man with a shocked expression is being held by a large alien hand, which is gripping his face. The background shows a landscape with a tall, thin alien tower in the distance.

Delving into over ten years of online and in person ethnography, the book offers an in depth examination of slash fan fiction original stories written by and circulated within female centered communities about same sex characters borrowed from previously published sources to document the history of a feminist queer media subculture whose infrastructure, creativity and ways of life are often obscured in dominant histories of the internet's development and by the contemporary focus on industry friendly but often misogynist digital fan
