Carry On Padre Memoir Of An Army Chaplain In Apartheid South Africa:

Carry On Padre Pierre van Blommestein, 2014-04-03 This poignant sad and sometimes funny story of a liberal minded young man tells how he was raised in a race unconscious home only to find himself serving in a conservative right wing military Pierre van Blommestein shares his incredible true story in Carry on Padre The book gives insight into Pierre's liberal religious upbringing his personal view of the challenges of Apartheid his experiences as a chaplain during National Service and the following seventeen years as a Reserve Forces Chaplain The story is set over a period of twenty five years from Pierre leaving school in 1975 through the darkest years of the Apartheid era in the 1980s and 1990s It includes the free elections in 1994 and reconstruction of the New South Africa finally ending with his emigration from South Africa in 2000

Carry on Padre Pierre van Blommestein, 2014 This poignant sad and sometimes funny story of a liberal minded young man tells how he was raised in a race unconscious home only to find himself serving in a conservative right wing military Pierre van Blommestein shares his incredible true story in Carry on Padre The book gives insight into Pierre's liberal religious upbringing his personal view of the challenges of Apartheid his experiences as a chaplain during National Service and the following seventeen years as a Reserve Forces Chaplain The story is set over a period of twenty five years from Pierre leaving school in 1975 through the darkest years of the Apartheid era in the 1980s and 1990s It includes the free elections in 1994 and reconstruction of the New South Africa finally ending with his emigration from South Africa in 2000 Taught to accept and respect all people irrespective of race or creed Pierre's dilemma comes when he begins his ten years of National Service like all white males over the age of eighteen years He is simply an ordinary young man deeply aware of the pain of his homeland as he tries to get through a difficult period in South African history Pierre van Blommestein's memoir began as a simple recounting of his Apartheid experiences for his family I have a growing conviction that the stories of the ordinary people from this generation and this country not the official histories or the propaganda must not be lost in the turning wheels of recent history Book Review Military memoirs by men of the cloth are generally rare and with the exception of a few short first hand accounts of chaplaincy in the South African Defence Force extracted from theses and interviews this is only the second autobiography by a SADF Chaplain or Dominee that this reviewer has read One could be forgiven for assuming that a chaplain's war would be somewhat mundane and less glamorous or dangerous to experience than that of the more familiar combat soldier but let me start by saying that without exception this is one of the very best personal accounts of military service in the SADF that I have been privileged to read It is the story of a remarkable soldier whose service and outlook on that service are as unusual and unique as any I have read previously and filled with surprises throughout Pierre van Blommestein's personal memoirs of his service in the South African Defence Force particularly during the Apartheid years and the long wars both internal and external fought during those years will ring a very strong chord with any ex SADF soldier be they conscript or regular Wonderfully descriptive yet not too heavy on mundane detail I found it very hard to put

down once started and only did so when my need to sleep overwhelmed my fascinated interest A gifted writer the author has added a valuable and much needed perspective of life as a Chaplain in that great military machine from the 1980s and 1990s and is to be congratulated on not only leaving a lasting legacy for his loved ones but for the rest of us too whether we shared his experience or not This autobiography can be described in two words simply outstanding Very highly recommended Peter Chapman Fighting Padre. Memoirs of an Army Chaplain. [With a Portrait.] James Lempriere Ormidale Barcaple FINDLAY,1941 Heroes and Gentlemen. An Army Chaplain's Experiences in South Africa Robert MACCLELLAND (Minister of Inchinnan.),1902 **The Padre was a Hooker** Stephen A. Blakey,2021-08-31 The commandment Thou shalt not kill would seem to make it unlikely that a committed Christian would ever choose to pursue a career in the armed forces where killing the enemy is at the very least a real possibility Becoming an army chaplain might well be seen as an even more astonishing choice for someone seeking to serve God And yet the British armed forces have had chaplains since the beginning of warfare itself Men and women from the traditional established churches who accompany the troops into the very face of the foe seeking to care for the spiritual and moral welfare of the troops Despite all the changes in the society and warfare the decrease in church attendance and the weakening of the spiritual profile of our nation military leaders still want a padre to accompany them into action For 40 years Stephen Blakey was one of these padres With humour and insight he shares the joys and the struggles of being the man of God amongst what is sometime a pretty ungodly community

Redeeming the Past Michael Lapsley,2012 In 1990 Fr Michael Lapsley an Anglican priest active in the struggle against apartheid in South Africa opened a letter bomb that nearly killed him This memoir tells the story of this horrendous event beginning with the journey that led him there **A Chaplain's Pilgrimage** Kiyo Itokazu,2007-10-30 *Thank You, Padre* Joan Clifford,1989-01 *Thank You, Padre* Ed.
