© 2000 Blackwell Science Ltd *Journal of Internal Medicine* 247: 399–406

Once you have tracked your finances and have an understanding of the income coming in and spending going out, it's time to create a budget.

This is where you will review all expense categories and determine how much income to allocate to each one. Then track spending over the month and make sure you are spending within the allowable budget.

If you need to save more money, simply cut back on spending within certain categories.
