Crusade In Europe:

Crusade in Europe Dwight David Eisenhower, 1997-07-02 Eisenhower gives the reader true insight into the most difficult part of a commander's life New York Times **Crusade in Europe** Dwight D. Eisenhower, 1948 Warfare and Military Organization in Pre-crusade Europe Bernard S. Bachrach, 2002 Throughout the history of Western civilization war preparation for war and its aftermath have dominated the use of surplus human and material resources Yet despite our recent history the brute facts of military history are too often ignored by those who have instead sought to provide a more ideal understanding of the Middle Ages in Europe This predilection for chivalry at the expense of logistics and for just war theory at the expense of military technology have distorted both scholarly and popular understanding of the role played by military matters in the Middle Ages The aim of the fourteen articles reprinted here is to help provide a more balanced view offsetting notions of romanticism and an anthropologically inspired primitivism of a Dark Age in pre Crusade Europe Particular topics include the survival of Classical influences into the early Middle Ages the strategy of castle building in the early Angevin domains and William the Conqueror's preparations for the invasion of England Crusade in Europe Dwight David Eisenhower (President of the United States), 1890 **Crusade in Europe by Dwight D. Eisenhower and How This Case Has Affected Us Copyright Laws** Dwight D. Eisenhower, Antonin Scalia, Richard C. Tallma, Dorothy Wright Nelson, 2010-01-10 Dwight D Eisenhower was the most famous general to arise out of World War II and the one who made the greatest success as the result of the War There can be no doubt that had Eisenhower not become famous as World War II general he would never have been twice elected President of the United States His unusual and non American type name alone would have eliminated any chance he ever had to be elected to higher office Eisenhower is now regarded as one of the better presidents although when he was actually in office he was regarded as one of the worst The story here is about how Eisenhower's book *Crusade in Europe* and the US Supreme Court Case involving this book have substantially changed and affected US Copyright Laws The relevant decision by Justice Antonin Scalia is *Dastar Corp v Twentieth Century Fox Film Corp* 539 US 23 2003 There is also a US Court of Appeals decision *Twentieth Century Fox Film Corp v Entertainment Distributing* 429 F 3d 869 9th Cir 2005 This book is a reprint of both decisions plus Exhibit A the book because it comes up so often in publishing or reprinting old books *Crusade in Europe* Dwight David Eisenhower (Général, Homme politique, Etats-Unis), 1948 *Writing the Military History of Pre-Crusade Europe* David S. Bachrach, Bernard S. Bachrach, 2020-12-29 *Writing the Military History of Pre Crusade Europe* brings together fourteen articles by eminent historians David S Bachrach and Bernard S Bachrach Crucial to the writing of medieval military history is a thorough understanding of the strengths and weaknesses of the available source materials Just as important is a broad conception of the range of sources which scholars can draw upon to ask and answer questions about the organization and conduct of war The studies collected in this volume provide insights regarding many of the most important narrative works from pre Crusade Europe with a particular emphasis

on the ways in which they can be used to write military history as well as the pitfalls facing historians who read these texts transparently without regard for the authors various parti pris and limitations In addition to their treatment of narrative works several of the studies in this volume highlight the importance of treating historiographical texts within the broader range of source materials that illuminate the conduct and organization of war in pre crusade Europe particularly material sources developed through excavations as well as contemporary images most prominently the Bayeux Tapestry The book will appeal to scholars and students of medieval history as well as those interested in military history CS1097
